

**PREMIUM AUTO GLASS TOOLS
FOR AUTO GLASS PROFESSIONALS**

EMPLOYEE NUMBER ONE

On August 12, 2019, William "Bill" Porter, Production & Repair Specialist for Equalizer, passed away suddenly. A 31-year employee, Bill was known throughout the auto glass industry for his helpful and supportive attitude and commitment to serving all Equalizer's customers since the very beginning of the company in 1988.

"Bill was the nicest man you'd ever want to meet," says Equalizer President, Eric Asbery "Bill was always helpful and eager to support anything you may be working on. He also had a unique ability of connecting not only to our customers when there was an issue with a product, but he could also effectively convey what they needed for a tool to be repaired before it would arrive and keep them informed of how to get the most out of our products. From the early days of the company, Bill had been tasked with the process of repairing almost all of Equalizer's many products. He took it as his personal mission to mentally catalog every process in the evolution of each tool and could recall, not only when a specific product was created, but what specific changes it had been through in its evolution. This enabled Bill to have "instant recall" to diagnose most issues before he even physically examined the tool in question."

Shortly after he was hired as "Employee Number One", Bill quickly established a reputation for being integral in the specific design elements and process production of new products. His input was necessary to evaluate the possible repair issues or difficulties within the design of a new product being considered for sale. In all likelihood, Bill had his hands on every tool that was produced in our 31 years history, either in the production of it or subsequent necessary repair.

"When I first started with Equalizer in 1992, my first job duty was to "shadow" Bill and attempt to absorb his familiarity with all of the products so that I could assist his efforts in production and repairs. I consider myself a fast learner, but it became clear very quickly that Bill had mastered the ability to construct and deconstruct products in his mind before he'd even touch them," says Gilbert Gutierrez, Global Education Director for Equalizer. "The ability to do that struck me as such a rare talent that I knew I'd never be able to replicate that level of ability. Supporting and trusting his abilities for those first few years, taught me so much about how to approach the complexities of tool design and the processes necessary to get the best out of the end product."

Over the years, Bill would be occasionally be brought to events and shows. He showed a unique ability to connect in a face-to-face environment with auto glass technicians. Bill was never in the auto glass industry on a technician level, but with his exposure to our products inner-workings and contact with auto glass technicians throughout the world every day, he was able to identify with the workplace challenges that technicians face. He became someone whose input was much respected when a technician faced a challenging job or situation in the field. Bill was proud to offer this support in any way he could.

"Bill Porter will always be considered a founding member of Equalizer®," continued Asbery, "Just after we acquired our first rental space, Equalizer was then known as Exclusive Tool Company, Bill was the third of three applicants to apply for our first available position. "The job was listed as an "...assembly with some metal working" type of position. The first two applicants were qualified but something just didn't click with us. My Dad (Equalizer founder, Ray Asbery, who passed away in 2011) and I instantly liked Bill when he came in for his interview. There was just a genuine down-to-earth quality about him that made him easy to connect with. My most prominent memory from those early days was Bill's rapid-fire sense of humor, fun attitude and I was continually amazed at how he could sharpen hundreds of Equalizer blades by hand and the sharpening pattern was near identical from blade-to-blade. Bill had serious talents!"

Bill had developed experience in welding from his days in the Army in the early 1970s and he used that to create metal art. "Bill would show up in my office sometimes with a sculpture welded together from flawed or discontinued Equalizer parts all the time. They were always so creative, he'd show me a dinosaur made from castings, a windmill, a functioning merry-go-round. You just never knew what he would come up with next," continued Gutierrez. "We still have all of those creations around our office and now they are great reminder of Bill and his creative mind."

Bill, we will all miss your sense of humor, code of honor to your work, your strength and focus to do the right thing, your loyalty to Equalizer® and everything we worked so hard to achieve; but most of all, we will miss your friendship. May you rest in peace.

THE ULTIMATE HANDS-ON AUTO GLASS TRAINING PROGRAM

Auto Glass Academy offers professional instruction of the removal, replacement & repair of auto glass to all that want a strong foundation to perform quality work.

Our curriculum is built on over 30 years of global research, product development and industry-wide training in an expansive range of environments.

We accommodate all types of career backgrounds at Auto Glass Academy. Whether you have no experience in the auto glass industry or you are the resident expert at your shop who is keeping your skill set sharp in the ever-changing automotive industry, we have the perfect platform and experience necessary to take you where you want to go.

Whatever your needs, Auto Glass Academy will help you reach your goals of mastering the auto glass removal, replacement and repair process using Equalizer® brand tools.

Project Invention

HAVE YOU INVENTED OR DEVELOPED AN ORIGINAL TOOL OR IDEA THAT YOU FEEL OTHERS MAY BENEFIT FROM?

If so, your invention could be produced and sold by Equalizer® under a royalty agreement that can generate income for years.

If you have such an invention and are interested, please follow these two steps:

1. Visit our website www.equalizer.com, write or call Equalizer® at 512-388-7715 and request an invention disclosure agreement.
2. Return your signed agreement to Equalizer® along with your invention. Equalizer® will promptly evaluate your invention and notify you if a royalty is possible.

Chemical and puncture resistant. Latex-free and powder-free. Made of 100% nitrile. Box of 100.

VPS700

All-In-One Vehicle Protection System • \$173

Ideal total protection for the vehicle interior containing 5 high-quality protection elements in 1 set. Each piece consists of a seat cover with integrated floormat, steering wheel cover, gear lever and hand brake protection. Comes with 200 pieces per roll.

RSP1371

Reusable Seat Protector • \$33

The seat protector is made of heavy-duty nylon and double-stitched for durability. It has a pocket on the back to fit over the seat and hold it securely in place for maximum protection.

PZ1370

Slip-N-Grip® Floor Mats Box of 500 • \$85

Made of tough plastic, not paper. Unlike paper mats, these plastic mats stay in place, and they do not degrade when they become wet.

PY1369

Slip-N-Grip® Steering Wheel Protectors Box of 250 • \$60

Keep the steering wheel clean with universal-fit Slip-N-Grip® Steering Wheel Protectors.

PX1368

Slip-N-Grip® Seat Protectors Box of 250 • \$85

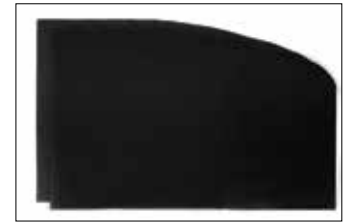

These Seat Protectors grip the seating surface, keeping the cover in place and protecting the seat while you work on the vehicle. 100% recyclable.

VTP586

Paint Protector • \$60

Many technicians put the vehicle's cowl, screws, and other parts on top of the vehicle when they are replacing the windshield. The problem with lying all these items on a vehicle is the possibility you will scratch the paint. Protect the vehicle with our Paint Protector. Made of a thick, soft, soil-proof vinyl.

DC570

Dash/Vent Covers • Set of 2 • \$43

Designed to provide coverage for the contour of the dash to avoid damage while working inside the vehicle and prevent objects from falling into the vents. These dash/vent protectors are made from a lightweight and flexible material and can be adjusted to fit from 34" up to 68".

TSP292

TightSpot™ • Set of 2 • \$10

Installed in the proper position, these prevent damage to the vehicle being worked on or one parked next to it. Made of dense foam rubber with a suction cup.

FT1079

Foam Tool Tray • \$50

Made of a lightweight, soft foam material that won't damage the vehicle. Has dual handles for easy carrying with a recessed area that is perfect for tools or other items safely and securely.

WindowGuard™

CWS77 • 60' Roll • \$75

CWP289 • 99' Roll • \$117

Use to cover exposed areas from the elements and secure shattered glass in order to protect the vehicle and reduce clean up time. Clear, self-adhesive film is perforated every 36" to make application fast and easy.

REMOVAL TOOLS

MSP211

Wiper Arm Removal Kit • \$110

Works on a variety of foreign and domestic vehicles. Each adapter contacts as much of the arm as possible, spreading the pressure over a larger area. The kit consists of 6 windshield wiper arm adapters, 1 slide hammer puller, and 1 pressure spindle.

MKP356

BigMouth™ Wiper Puller • \$19

This tool is designed for vehicles with recessed wiper arms and longer wiper posts. It has a 1-3/4" opening between the pressure bolt and the prong jaws. The entire assembly is made of steel and is meant to be used with a wrench or socket.

WFA450

Universal Wiper Puller \$48

This puller has narrow, interchangeable arms designed to work on a variety of foreign and domestic vehicles with recessed wipers and longer wiper posts. Made of durable, hardened steel.

TWR609

Wiper Puller • \$18

A compact tool designed to fit easily into small spaces. No wrench or sockets required to use this tool. Made of steel with a durable, plastic handle.

WP534E

Wiper Puller • \$30

Features an adjustable, revolving, concave head to keep it from slipping off the wiper arm. No wrench or sockets required to use this tool.

JMR357

Spring Latch Mirror Tool • \$16

This tool makes removing spring latch rearview mirrors easier while minimizing the risk of breaking the mirror or windshield during removal. It works by compressing the spring latch to slide the mirror off the mirror button.

MT228

All-In-One Mirror Tool • \$15

Invented by: John Wilson

This multi-functional, compact tool features 6 devices: Spring latch mirror tool, #2 Phillips, T15, T20, hook, and pick. This folding tool is perfect for all of your rearview mirror removal needs as well as many other uses.

Mirror Wrench

\$4

MB744 • 2 mm & 2.5 mm Hex

MB743 • T15 & T20 Torx®

MBR600 • Phillips & T15 Torx®

LRR243

Lexus Rearview Mirror Tool • \$24

TN1436 • Ball Bearings • Pkg of 6 • \$5

For Lexus and Toyota models designed with a ball bearing mirror.

GM602

Breakaway Rearview Mirror Tool • \$12

Used to pry the mirror up and off the mirror button.

FMR482

Ford Rearview Mirror Removal Tool • \$12

For removal of older Ford rearview mirrors.

REMOVAL TOOLS

- Honda Odyssey (2011-Up)
- Hyundai Sonata (2015-Up)
- Honda Accord (2013-Up)
- Honda Pilot (2009-Up)
- Toyota Highlander (2011-Up)
- Acura MDX/RLX/TLX (2015-Up)
- Infinity Q40/Q50/Q70 (2015)
- Nissan Altima (2014-Up)
- Ford Fiesta (2014-Up)
- BMW 3, 5 & 7 Series Side Moulding Clips (2000-Up)
- Lexus CT200 A-Pillar Mouldings (2012-Up)

MCT829

Micro Clip Removal Tool • \$13

Invented by: Jason Lowe

Designed to allow access into tighter spaces to release vehicle mouldings from the new smaller clips. The Micro Clip Tool gives the technician the ability to gently push or pull on the small release points of the clip, easily saving the clip and moulding for reuse.

- Ford F-150 (2004-2008)
- Nissan Maxima

FTF399

Clip Removal Tool • \$16

Invented by: Mike Kendall

Used to remove clips from the retainer on the body of the vehicle. Works on Ford and Nissan as well as many others. Made of high-quality hardened steel.

- Honda Accord (2003-2007)

MCR633

ClipFork™ Clip Removal Tool • \$36

The Equalizer® ClipFork™ will remove the step clip used on most Honda vehicles.

- Ford Flex
- Mini Cooper

FCT686

A-Pillar Clip Removal Tool • \$16

Invented by: Jason Lowe

This tool works on vehicles with the arrow tipped style clips. Made in the USA.

- Honda Accord (2003 and up)
- Honda Civic (2001 and up)
- Honda Odyssey
- Acura RL, TL and TSX (2005 and up)

JLT656

Honda & Acura Clip Removal Tool • \$21

Designed to work on a wide range of Honda and Acura vehicles with smaller or narrower openings than some of the older clips.

DUR748

Clip Removal Tool \$12

For removal of fasteners, clips and door panels.

CZ444

Clip-Zip® Clip Removal Tool • \$30

The outside portion of the jaws lay against the body, trim or headliner while the inside portion grabs the clip firmly so it can be lifted up without damaging the vehicle.

SCR696

Clip Tool • \$31

Features a tapered front to easily fit under all types of clips. Especially great for removing door panels. Made in the USA.

AP6205

Springer Clip Removal Tool • \$24

The tapered tip allows entry under closely fitted parts and the rounded edges avoid damage to the trim or vehicle.

PH1355

Curved Clip Removal Tool • \$14

This tool is designed for removing fasteners in confined places. Works great on the front part of the door where the doorjam will often interfere with the removal of the door panel.

TCR370

Clip Removal Tool \$18

Works on Toyota, Honda, Infiniti, Lexus, Acura & Subaru. Made in the USA.

REMOVAL TOOLS

GBM446

PryBaby™ • \$24

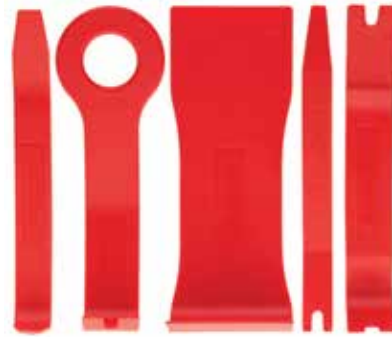

This set contains 5 flexible, specially shaped plastic tools designed to prevent damage to the vehicle.

From left to right: This tool features a 45° angle on one end and a 90° angle on the other which is useful for prying small items. This tool has a 110° bend for removing door panels. The widest tool has a straight chisel end and a 90° curved end for removing snap-off mouldings and cowlings. Similar to an installation stick this tool also features a notched end for removing clips. For all prying needs, this tool is designed with an 85° angle on one end and a 30° angle on the other.

PDT443

PryDaddy™ • \$60

This set contains 5 of the same type of tools included in the GMB446 above as well as 6 additional pry tools and 1 hammer. Comes in a roll up tool pouch.

CRT250

Clip Removal Tools Set of 5 • \$53

These tools are made with different size openings that will grab and hold the clip and different lengths. Made of the highest quality, heat-treated stainless steel.

CTD607

Recessed Clip Removal Tool • \$12

Easily fits down into recessed areas and then can be slid under the head of the cowling clip.

CCR819

Expansion Clip Removal Tool • \$36

Features a small sharp screw that bites into the plastic head of the clip and pulls the center pin out. The clip will then collapse and can be easily removed.

TPE657

Clip Removal Tool • \$12

Our Clip Removal Tool has a V-groove with sharpened tips so it will slip under the head of the clip. Works on many cowling and many drip gaskets.

MR747

Moulding Clip Release Tool • \$9

This tool is designed to release the clip from the body of the vehicle in order to remove the moulding. Made of high-carbon steel. Works well with older model vehicles.

IW1214

Double-Direction Clip Release Tool • \$7

An industry standard for over 50 years, this tool was designed to release the clip from the body of the vehicle in order to remove the moulding. Made of hardened steel.

HRT367

Hose Removal Pliers \$13

Designed to save the hose that runs to the windshield washer nozzle by pushing it off quickly and without damage.

REMOVAL TOOLS

DCR244

Door Panel Clip Removal Tool • \$10

Features a slim design to easily slide under door panel clips on older style vehicles.

CT749

C-Clip Removal Tool • \$8

This tool works on most common C-clips on manual window regulator handles. Features flared sides to prevent the metal from damaging the door panel and a unique back-end which firmly holds the clip. Made in the USA.

TRL350

Door Panel Clip Removal Tool • \$12

Features tapered, thin edges to easily slide between the door and panel to remove clips without damage. Designed with two grooves to access the clips from different angles.

JCS452

Compact C-Clip Removal Tool • \$8

This compact tool has a flat design that will let you use it from all sides. Works on most common C-clips on manual window regulator handles.

SNS675

Slip-N-Slide™ • \$28

Invented By: Duane Roser

Tab retractor tool for door glass removal. Made of heavy-duty, flexible plastic that can be bowed in either direction to accommodate all types of removals. *Some vehicles may require the use of 2 tools at once.

For use on select 2009 and up: Dodge, GM, Chrysler, Ford and Jeep

DEC381

Double-End Moulding Release Tool • \$7

This tool has a small rubber spacer through each end to hold the tool up off of the glass about 1/32". This prevents the tool from scratching the glass and holds the end above the glass so there is less of a chance the tip will catch the edge of the glass and break it. Made of steel.

RFM683

Christmas Tree Moulding Remover • \$16

This tool is thin to fit under mouldings and wide enough so as not to tear them. The long curve allows for leverage to pry against the glass. The wide shank is coated with soft plastic so it absorbs shock and is less likely to break the glass. Made in the USA.

BMR1488

Belt Moulding Remover \$21

Designed to both remove and save belt mouldings that were installed with clips that are slid down from the top and clamp into the metal.

RHR584

Rivet Head Removal Drill Bit • \$68

Removes the rivet head and leaves the steel stem in place. This allows you to push the remaining aluminum shank and the rivet stem out to release the rivet. Made of hardened steel in the USA.

DPO585

Rivet Stem Remover \$36

Invented by: David LaPoint

This tool has a contoured end so it will sit over the rivet and align perfectly with the rivet stem. With several light taps of a hammer the rivet stem is driven out.

AEP1132

EasyPunch™ • \$30

Designed to remove rivet stems with a built-in spring loaded punch which is delivered with a simple push of the handle. Eliminates the need for hammering. Not for use on steel rivets.

REMOVAL TOOLS

SE545

Snake Eyes™ • \$375

Examine difficult-to-reach areas normally hidden from sight. Locate clips, stops, and leaks as well as thick areas of urethane. Diagnose rust on the pinchweld prior to removal. Use with a micro SD card (not included) to capture images and video. *Kit includes: Snake Eyes™ tool, imager head/ cable, USB cable, mirror head, video-out cable and charger.*

JFT323

LongHorn Seat Release • \$32

To easily remove or fold down the back seat in order to gain access to the back glass.

The forked end - For use with 2004-2010 Ford F-150 pickups.

The opposite end - For use with 2010 (and up) Ford F-Series.

RGD188

SabreTOOTH™ Tempered Glass Removal Tool • \$24

Invented by: John Hutzal

This tool is perfect for removing broken tempered glass. Designed with deep notches and smaller teeth that will capture broken glass and pull it out. It is made of flexible stainless steel with a Neoprene handle and measures 22" long.

WMA222

FANG™ Tempered Glass Removal Tool • \$31

Invented by: John Hutzal

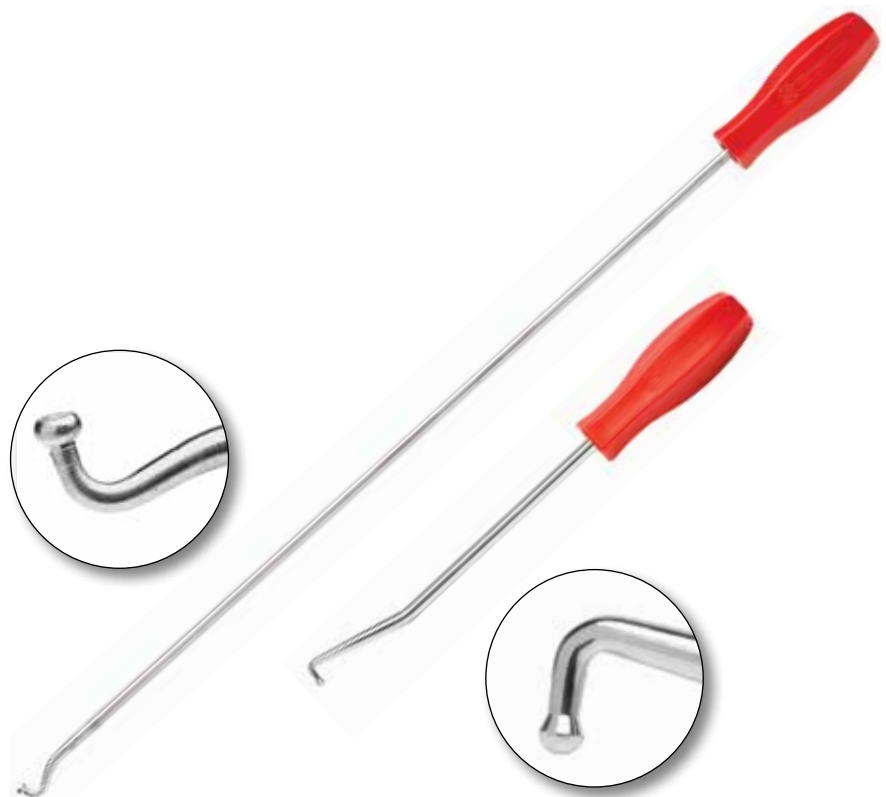

This tool will flex to fit the contour of the door and has two prongs to grab the glass and pull it to an area where it can be removed. The tool is made of spring steel with a plastic handle and measures 19" long.

Glass Run Channel Cleaner

RS1389 • Short • \$16 GCC506 • Long • \$24

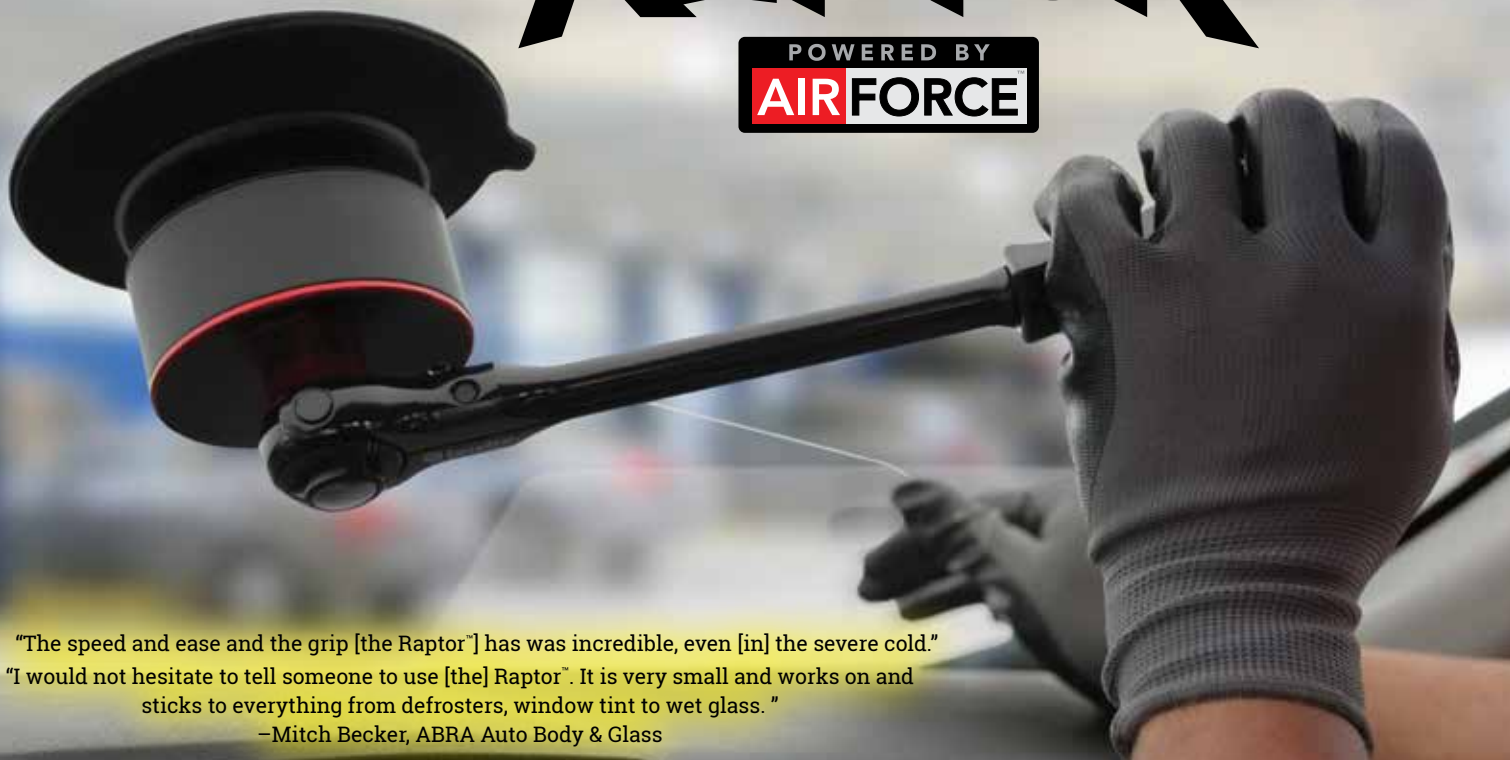

Invented by: Jim Pfeifer

These tools are designed to remove broken pieces of tempered glass from behind the lip of the glass run channel. The short tool measures only 13" long and is perfect for cleaning glass out of the upper channel. The long tool is 24" long to reach the bottom of the deepest door. Both tools have a rounded tip to prevent damage to the weatherstripping.

RAPTOR™

POWERED BY
AIR FORCE

"The speed and ease and the grip [the Raptor] has was incredible, even [in] the severe cold."
"I would not hesitate to tell someone to use [the] Raptor". It is very small and works on and sticks to everything from defrosters, window tint to wet glass."
—Mitch Becker, ABRA Auto Body & Glass

F22KIT

Raptor™ Deluxe Kit • \$999

Equalizer® Raptor™ is the world's best auto glass removal tool and the preferred method for R&I's. Designed to save auto glass without damaging the pinchweld or paint and can be used with wire or reusable cord to remove all types of auto glass. It features AirForce™ Technology which improves the suction of the vacuum cup and eliminates the need for manual pumping, creating a quick and completely secure seal to the glass. Raptor™ stays in place and resists sliding on the toughest removals.

Kit includes: 1 of Each; Raptor® Tool with 1/2" Drive Ratchet, Pistol Grip Centerstart™, Mini Anchor, Venom™ Wire Dispensing Unit, 164' Roll of Squire2™ Wire, 100' Roll of RipCord™HD, Wire Grabber Pliers & Cutter, Guide Pin Package, Clear Headliner Protector, Clear Dash Protector, Headlights™ Safety Glasses, Roll of Moulding Tape. All packaged in a soft case with a foam liner.

Raptor™ is powerful, small, light and easy to maneuver on all types of auto glass.

- AirForce™ Technology
- 3 Year Warranty
- Low Profile Design
- No Pumping Required
- Long Battery Life
- Quick Charging

F22

Tool Only • \$766

VIPER™

VIP1138

Viper™ Deluxe Kit • \$639

Invented by: Eric Asbery & Gilbert Gutierrez

The Equalizer® Viper™ is a cord and wire tool designed to remove all types of auto glass without damaging the pinchweld or paint. Its small design allows the cord and wire to remain closer to the glass surface, fit in tight areas and on small quarter glasses.

Kit Includes: 1 of Each; Viper™ Tool with 1/2" Drive Ratchet and 1-1/8" Socket, Pistol Grip Centerstart™, Mini Anchor, Venom™ Wire Dispensing Unit, 164' Roll of Squire2™ Wire, 100' Roll of RipCord™ HD, Wire Grabber Pliers & Cutter, Package of Guide Pins, Clear Headliner Protector, Clear Dash Protector. All packaged in a soft case with a foam liner.

VT1136

Tool Only • \$412

REMOVAL TOOLS

PWT1113

Python™ • \$999

Python™ is a rotating cord and wire removal system which uses a unique, directional suspension reel that allows for safe and effective glass removal. With just the rotation of the curved stainless steel slide bar, the cord and wire will cut through the toughest urethane with no resistance.

Kit Includes: 1 of Each; Python™ Cup Assembly, Slither™, Venom™ Wire Dispenser, T-Handle Centerstart™, Installation Stick, Clear Dash Protector, Wire Grabber Pliers & Cutter, Package of Guide Pins and 4-Rolls of Squire2™ Wire (A total of 656 feet) along with an Instructional DVD. All packaged in a soft carry case with foam liner

PCA1121

Python™ Cup Assembly \$520

CCA1123

Slither™ Corner Cutting Assistant • \$260

Provides protection for the a-pillar trim and the headliner while using our cord and wire cut-out tools.

CU1077

GripTite™ VC
Set of 2 • \$19

Wire gripping handles with quick wire release & vacuum cup holders.

SideWinder™

VSR73
VSR73E
\$194

SideWinder™ acts like another person sitting inside the vehicle pulling the wire back after you have made your cutting stroke. It is manufactured with a powerful vacuum cup that is attached to the inside of the windshield and an aluminum swivel, riding on a ball bearing, allows the swivel to follow the wire. Made in the USA.

Kits include: 1 of Each; SideWinder™ cut-out tool, Roll of TW72, Wirestarter™, and handle grip.

WDD167

Venom™ • \$37

Idea by: Shauna Davis

The Venom™ is a cord and wire dispensing device that holds the spool during set up and provides a temporary anchor during removal. Includes one roll of STL166

REMOVAL TOOLS

MAC1125

Mini Anchor • \$30

The mini anchor secures the end of the cord or wire allowing completion of the finishing cut.

BNP516

Wire Pliers & Cutter \$16

Used to cut wire and pull the cord or wire through the urethane.

UPC335

Guide Pins Combo Pack \$8

Use when the windshield extends over the lower pinchweld to guide the cord and wire into the urethane and avoid damage to the pinchweld. PKG of 8

GWH366

WireGuard™ • \$28

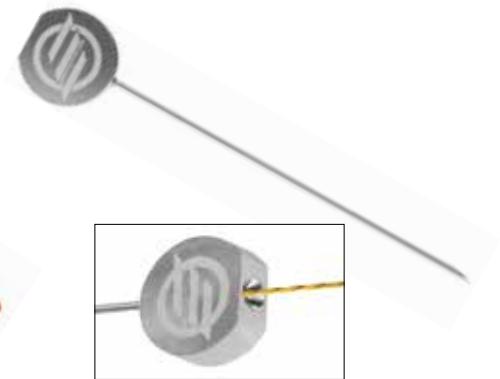

Invented by: Tim Slaughenaupt
Provides protection for the a-pillar trim and the headliner while using our cord and wire cut-out tools.

DGE100

Wire Guide • \$36

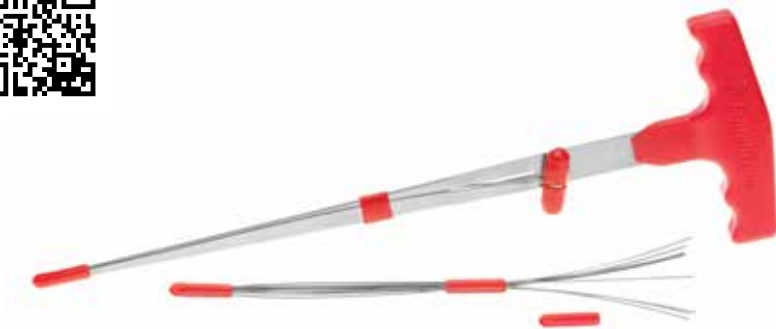

The Wire Guide's long, narrow shaft protects the dash and interior mouldings from being damaged. It can also be used on the outside where the urethane is far below the dash but above the bottom edge.

Wirestarter™

WS782 • 4" WS782P • 8" \$8

A hollow stainless steel tube used to channel cord and wire through the urethane.

LS1134

Wire Starter • \$24

WL1135 • PKG of 5 Loops • \$11

For use on those vehicles when you insert the wire starter and there is not enough room to see the hole of the wire starter. Also, works great for starting cord. Comes with 5 extra wire loops.

JN1130

T-Handle • \$16

A popular wire insertion tool with a T-Shaped handle that can also be used with the WL1135 wire loops for cord.

FG1129

Pistol Grip • \$18

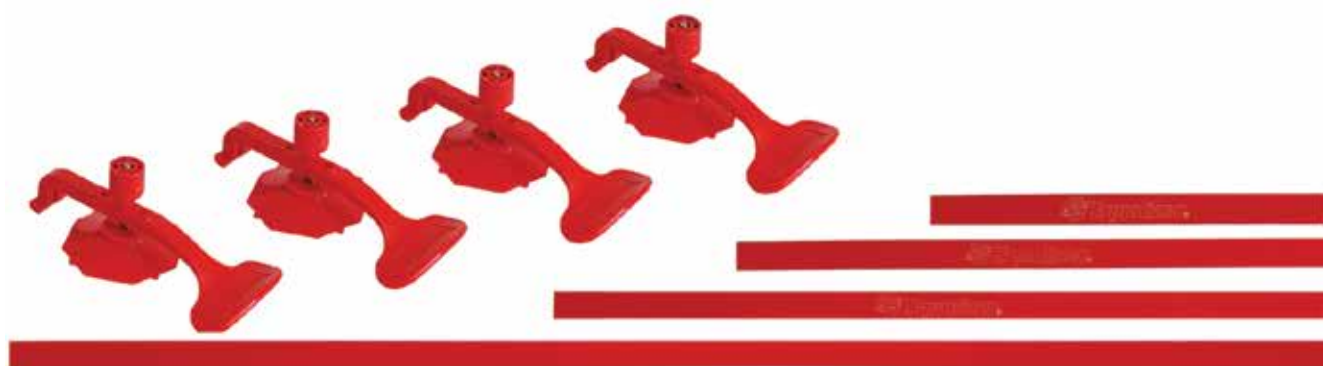

A wire starting tool that has an ergonomically friendly pistol grip handle. Designed to accept cord as well as wire.

CS789

Centerstart™ • \$18

Features a standard grip for wire insertion.

Designed to absorb repeated striking from the blade and uses a vacuum hold down tool to exert pressure to keep the pinchweld protector in place. Both pinchweld protection systems include: one each 12", 18", 24", and 48" long pinchweld protectors and 4 vacuum hold down tools.

PHV859

Ricochet™ System • \$48

PHS814 • 12" Protector • \$3

PEL815 • 18" Protector • \$4

PTF816 • 24" Protector • \$5

PFE820 • 48" Protector • \$10

PHO813 • One Vacuum Cup • \$10

Invented by: Gilbert Gutierrez

Made of high-impact plastic.

PHO813 • One Vacuum Cup • \$10

MCT720A • Tape • 2"W x 180'L • \$25

Made of coated pliable metal that can be bent around any curve.

PUSH12 • PUSH KNIFE • 12" Long • \$68

PUSH24 • PUSH KNIFE • 24" Long • \$86

PUSH36 • PUSH KNIFE • 36" Long • \$97

PKS102 • PUSH KNIFE Set • \$236

PKE104 • Hammerhead Replacement End Piece • \$18

PUSH KNIFE is a machined aluminum hand tool designed to remove quarter glasses utilizing Equalizer® Express® Blades. PUSH KNIFE features a rectangular plate for striking with a rubber mallet, enabling power from the mallet to be transferred to the blade and through the urethane.

Equalizer® Express® blades can be easily changed out by unscrewing the hinged plate that locks the blade in place.

BH2019

Black Hawk™ • \$841

BlackHawk™ has a heavy-duty, 20-Amp brushless motor to provide ample power for quickly removing the most difficult glass. It's compact and lightweight design allows for maneuvering tight areas and features a bright LED light to provide visibility in dark work areas.

Kit Contents: 1-LBE1402 blade, 20-Volt Li-Ion battery and battery charger, 1-pair of safety glasses, 1-carrying case.

Specifications:

Power Source: 20 Volts

Output: 20-Volt Battery

Tool Weight (w/ battery): 6 lbs.

Strokes Per Minute: 0-2800

ATV2012

Ambush™ • \$841

Ambush™ is the most trusted 20-Volt battery powered tool in the Auto Glass Industry. It is designed with a sheath that encloses the blade shaft to provide protection and is also equipped with a quick release clamp for easy blade changes. This mobile tool features an ergonomic design with the power necessary to quickly remove the most difficult glass with optimal control.

Kit Contents: 1-BFE1400 blade, 20-Volt Li-Ion battery and battery charger, 1-pair of safety glasses, 1-carrying case

DCB119

12-Volt Auto 20-Volt Li-Ion Battery Charger • \$182

DCB115

120-Volt, 1-Hour 20-Volt Battery Charger • \$81

Can be used with our 20-Volt Battery DCB205.

DCB205

20-Volt Li-Ion Battery • \$147

A 5.0 Ah high capacity battery pack with visual power gauge.

1-carrying case

LDT204

StingRay™ • \$478

StingRay™ features high torque and an ergonomic design for a comfortable, natural grip. The low profile gives you clearance in all cutting scenarios. The speed control dial allows for a wide range of speeds along with a variable speed control trigger.

HHT2013

Black-Ops™ • \$599

Black-Ops™ has a sleek compact design measuring only 14.5" in length. This allows for optimal control and easy access to tight areas with more flexibility of applications. With the powerful motor the Black-Ops™ will cut through the thickest of urethane with ease.

SP1416

Express® Air • \$478

Express® Air is a compact, lightweight, air-powered tool designed to cut the urethane that holds glass in vehicles. The blade reciprocates inside a metal sheath which protects the dash, garnish mouldings and headliner.

REMOVAL TOOLS

HydroBlade™

\$42

EHB145 • 1-1/2" W x 10" L

EHL146 • 1-1/2" W x 12" L

EHB186 • 3" W x 10" L

EHL187 • 3" W x 12" L

EHE160 • 3" W x 14" L

Express™ HydroBlades™ are designed with dimples stamped on the side of the blade that rides against the urethane for carrying cutting lubricant into the urethane.

Bullet™ Blade

\$42

REL261 • 1-1/2" W x 12" L

REB262 • 3" W x 10" L

REL263 • 3" W x 12" L

REE264 • 3" W x 14" L

Bullet™ Blades are elongated, rounded blades designed to cut from all angles. Their unique shape and sharpening make side-to-side cutting easier and make slicing through wide beads of urethane a breeze.

Standard Blade

\$42

BFE1401 • 1-1/2" W x 10" L

LBE1403 • 1-1/2" W x 12" L

BFE1400 • 3" W x 10" L

LBE1402 • 3" W x 12" L

RLE1404 • 3" W x 14" L

The Equalizer® Express™ Blades are designed to cut through wide beads of urethane using a flexible material that puts less stress on the glass.

Piranha™ Blade

\$48

PHB169 • 3" W x 10" L

PHB174 • 3" W x 12" L

PHB175 • 3" W x 14" L

The Equalizer® Piranha™ blade uses the same cutting technology as the original HydroBlade™ but also incorporates serration on a portion of each side of the blade, making cutting from left to right and right to left much easier.

Express™ Spacer Blade \$48

EHS174 • 1-1/2" W x 10" L
EHS175 • 3" W x 10" L

Designed to hold the blade below the moulding and prevent the blade from cutting into the encapsulation to save unbroken glass. Also works well to cut mouldings with metal inserts.

EHF173

Express™ Specialty
Blade
\$48

Designed to cut around very radical curves in the glass, and in vehicles that have corners with a sharper-than-90° angle.

ES1406

Express™ Sheath • \$30

The sheath encloses the blade shaft on Equalizer® power tools to provide protection and allows them to use a flexible blade by giving it added support.

Quarter and Corner Glass Blade \$42

HQS176 • Narrow Passenger • 1-3/8" W x 12" L
HQS177 • Narrow Driver • 1-3/8" W x 12" L
HQW178 • Wide Passenger • 2" W x 12" L
HQW179 • Wide Driver • 2" W x 12" L

These narrow blades are designed to cut quarter glasses that come to a sharp point in the back. They are also very useful on those vehicles that have corners with sharp angles. The blades are flexible to allow the tool to be held outside the quarter glass opening while cutting inside. The wide blades are designed to accommodate the quarter glasses and corners that are not as pointed. Each blade is designed for a specific side of the vehicle.

MEH234

Express™ Blade Handle \$19

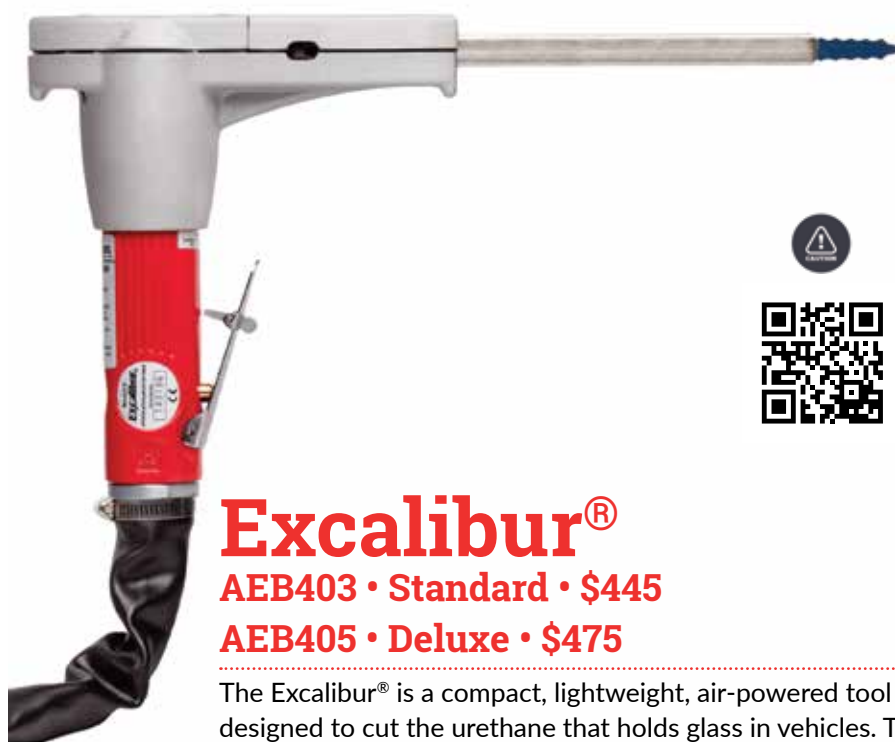

Invented by: George Lytton

A universal lightweight aluminum handle for use with all types of blades.

BRT225

Blade Release Tool \$2

Excalibur®

AEB403 • Standard • \$445

AEB405 • Deluxe • \$475

The Excalibur® is a compact, lightweight, air-powered tool designed to cut the urethane that holds glass in vehicles. The blade reciprocates inside a metal sheath which protects the dash, garnish mouldings and headliner. The sheath also allows you to adjust the blade length to accommodate different urethane widths. With Excalibur®, you can save encapsulated, metal bonded and underseal moulding glass. It can also be used to remove body side mouldings, emblems and SMC panels. Uses Equalizer® Blades Only.

Specifications:

Power Source: Air

PSI: 90

CFM: 8

Tool Weight: 4 lbs.

Strokes Per Minute: 0-3200

AEB403 Standard Kit Contents:

1-ESB1308 Serrated Blade (8")
1-EES808 Sheath (8")
1-pair of safety glasses
1-hex key

AEB405 Deluxe Kit Contents:

2-EEB793 Standard Blade (4")
2-EEB795 Standard Blade (8")

ESB1312 • 12" Long • \$12

ESB1312PKG • PKG of 5 • \$48

Invented by: Ray Asbery

This serrated style blade is sharpened with a unique double-serration method. Each serration is also serrated which gives a smoother and faster cutting action. Made of spring steel.

REMOVAL TOOLS

Specifications:

Power Source: Air

PSI: 90

CFM: 4

Tool Weight: 2.5 lbs.

Strokes Per Minute: 20,000

Kit Contents:

1-TSB6603 TimeSaver™ Blade

ETS6602

TimeSaver™ • \$236

A heavy-duty oscillating pneumatic tool that uses a wide side-to-side cutting action to slice through the thickest urethane.

Timesaver™ Blade

TSB6603 • 5" Long • \$32

TSB6605 • 5-1/2" Long • \$35

TSB6606 • 6-1/2" Long • \$35

TSB6608 • 8-1/2" Long • \$43

These blades will cut urethane cleanly from inside the vehicle and are thinner than most blades on the market. Because of the leverage put on the bearings and the yoke bar, we do not recommend using these blades in a standard oscillating tool, only the Equalizer® TimeSaver™ tool; yellow blade - yellow tool. Made in the USA.

ESM519

Falcon™ • \$210

Our heavy-duty oscillating pneumatic tool designed with a large powerful motor to cut through tough urethane.

ESM517

Raven™ • \$154

Designed to cut along flush-mounted, or encapsulated urethane set auto glass. Easily converts to an air-powered cold knife.

Specifications:

Power Source: Air

CFM: 4

Tool Weight:

ESM519 - 2.5 lbs.

ESM517 - 2 lbs.

Strokes Per Minute: 20,000

ESM519 & ESM517 Kit Contents:

1-51851 Talon™ Blade

Talon™ Oscillating Blades

These high-quality blades are made of flexible stainless steel, so they will flex before they break. This ability acts as a warning. When you see the blade start to flex, you know it is time to back-off and decrease the amount of pressure. The blades are flat on one side so they will ride against the glass and cut the urethane at the point of least resistance. These blades will fit the Falcon™, Raven™, and TimeSaver™ tools as well as most oscillating tools on the market. These blades will not fit the Ninja™ line of tools.

EXT-HAMMERHEAD

HammerHead • \$170

The HammerHead is an economical tool for separating the lower corners of windshields that cannot be cut out with a cold knife! It utilizes standard Extractor blades and comes complete with a 6 3/4" cut out blade. The 21" overall dimension fits most standard tool boxes.

Extractor Shafts

\$159

EXT-SHL • 13" for Pneumatic Series

EXT-SHS • 8" for Pneumatic Series

EXT-SHD7-SWIVEL • 7" for Cordless and Electric Series

Shafts for The "Original" Extractor utilizing a Chicago Pneumatic air hammer with locking collar come in two sizes. The Swivel Shaft is a 7" extended shaft, which gives longer reach in tight cutout areas. It swivels 90 degrees left & right, allowing the technician to swivel his battery or handle out of the way of obstacles when cutting out glass. This product fits all cordless and electric Extractors models.

Extractor Blades

EXT-BLDN • 5 3/4" Narrow Blade • \$24

EXT-BLDN-XL • 8" Narrow Blade • \$33

EXT-BLDN-XXL • 10" Narrow Blade • \$35

EXT-DELTA-L • 6 3/4" Blade • \$29

EXT-DELTA-XL • 7 3/4" Blade • \$33

EXT-DELTA-XXL • 9" Blade • \$37

EXT-DELTA-XXXL • 10" Blade • \$40

Extractor blades are made from stainless steel, and have been cut and tapered to custom specifications. The blades offer excellent flexibility and strength. If used correctly, they should last 200 cut-outs or more. Many users report 300 - 400 cut-outs. For best results it is necessary to keep the blade sharp and use adequate water for lubrication. The blades are very easy to sharpen. Simply run across a wet belt sander, grinder or file, putting a 45 degree edge on one side of the blade, in the same manner as you would sharpen a chisel.

THE ULTIMATE HANDS-ON AUTO GLASS TRAINING PROGRAM

Auto Glass Academy offers professional instruction of the removal, replacement & repair of auto glass to all that want a strong foundation to perform quality work.

Our curriculum is built on over 30 years of global research, product development and industry-wide training in an expansive range of environments.

We accommodate all types of career backgrounds at Auto Glass Academy. Whether you have no experience in the auto glass industry or you are the resident expert at your shop who is keeping your skill set sharp in the ever-changing automotive industry, we have the perfect platform and experience necessary to take you where you want to go.

Whatever your needs, Auto Glass Academy will help you reach your goals of mastering the auto glass removal, replacement and repair process using Equalizer® brand tools.

Fein® SuperCut Cordless • \$949

This powerful, cordless oscillating tool with rapid-clamping system for the automotive industry is factory recommended by leading auto makers. With a performance capability identical to a corded machine, it is designed for continuous use and heavy loading. The tool has variable speed control and uses high-performance 18 Volt Li-ion batteries with charge indicator and a rapid charger. With a 25-30 minute charge duration, you will be able to work without interruption. All FEIN SuperCut accessories can be used.

Kit includes: 1-Fein® QuickIN, 2-18 Volt Batteries, and 1-Rapid Charger and training DVD.

Specifications:

Power Source: 18 Volts

Output: 18-Volt Battery

Tool Weight (w/ battery): 3.5 lbs.

Rotations Per Minute:
10,000-19,500

FSC17 & FSC17Q Specifications:

Power Source: 120 Volt

Watts: 450

Amps: 3.3

Tool Weight: 2.8 lbs.

Rotations Per Minute:

11,000-18,500

FSC17Q

Fein® QuickIN • \$1354

Kit includes: 1-Fein® QuickIN tool only.

FSC17

Fein® SuperCut • \$1268

Kit includes: 1-Fein® SuperCut tool only.

**MLX625 Specifications:**

Power Source: Air-Powered

PSI: 87

CFM: 23.3

Tool Weight: 2 lbs.

Rotations Per Minute: 20,000

MLX625

Fein® Air-Powered SuperCut • \$365

Includes: 1-Fein® Air-Powered SuperCut and two blade wrenches.

FTB166

PKG of 2 • \$115

One each: 3/4", 1", & 1-1/2" • \$99

Sharpening 1 side regular, one side serrated.

FTB216

PKG of 2 • \$155

Fein® Part No. 6 39 03 216 01 7
Cutting part 2-3/8". Total Length 4-3/4".
Regular sharpening both sides. Z bend.

REMOVAL TOOLS

WK10HD

BTB Air-Powered Tool • \$599

The BTB system is an all-encompassing system for the removal of glass, mouldings, emblems, and body panels. At the heart of this system is the WK10HD Power Tool. This tool has an exclusive short and fast In-line stroke that absorbs the reciprocal cutting action of the blades. It is small, powerful and lightweight. The nylon head avoids scratching glass or painted panels. The tool is CE rated, has a fully adjustable speed, stroke and power and you can change the blade in 10 seconds.

Specifications:

Power Source: Air-Powered

Strokes Per Minute: 6500

Stroke Length: 0-1/4" Variable

Tool Weight: 2.5 lbs.

Noise: 77-79 dBA

Tool Only. Does not include blade or depth control arm.

WKSTRBX

Auto Glass Starter Kit • \$857

The ideal kit for introducing auto glass technicians to the BTB removal system.

Kit Contents: 1-WK10HD Air Tool; Blades: WK2-S, WK4Z-S, WK27M, WK28M; Cutting Depth Control Arms: WK11BW5, WK11FW; Accessories: WK7, WK8DSM, WK9, WK11VEL, WKGA; 1-WK12DVD Introduction & Training DVD and User Manual; 1-Carrying Case

WKTECBX

Auto Glass Cut-Out Kit \$1128

This comprehensive kit designed for the Auto Glass Professional contains a wider range of mostly serrated blades, preferred for their faster cut-out times. Includes adjustable cutting depth control arms. Safely remove any bonded glass from any vehicle!

Kit Contents: 1-WK10HD Air Tool; **Blades:** WK1S, WK2S, WK4S, WK4RS, WK4ZS, WK4ZVRS, WK24Z, WK24S, WK27M, WK28M, WK6M; **Cutting Depth Control Arms:** WK11AW, WK11BW5, WK11CW, WK11EW, WK11FW; **Accessories:** WK7, WK7L, WK8DSM, WK9, WK9B, WK11VEL, WK20, WKGA; 1-Intro & Training DVD and User Manual; 1-Carrying Case

WKTDMBX

Body Shop Cut-Out Kit \$1176

This professional Automotive body shop kit contains the most popular blades needed for the auto body repairer, dealership workshop & auto dismantler/recycler. Includes an assortment of non-serrated & serrated blades. Serrated blades are mostly used for glass and/or panel removal. Non-serrated blades are for removing adhesive fitted side body mouldings, emblems and nameplates without damage to glass, moulding or painted panels.

Kit Contents: 1-WK10HD Air Tool; **Blades:** WK1S, WK4, WK4RS, WK4ZS, WK4ZRS, WK24Z, WK24ZVRS, WK24S, WK27S, WK27M, WK28S, WK28M, WK6M; **Cutting Depth Control Arms:** WK11AW, WK11BW5, WK11CW, WK11EW, WK11FW; **Accessories:** WK7, WK7L, WK8DSM, WK9, WK9B, WK11VEL, WK20, WKGA; 1-Intro & Training DVD and User Manual; 1-Carrying Case

WKBTR15BX

Bus, Truck & Rail Cut-Out Kit • \$1204

For the bus, truck, rail and commercial industries, this tool kit is suited to removal of adhesive bonded glass and bonded panels on today's transport fleets. The kit includes external and internal cutting blades, as well as blades to easily remove adhesive backfill from between glasses. Adjustable cutting depth control arms regulate cutting depth.

Kit Contents: 1-WK10HD Air Tool; **Blades:** WK1S, WK1X, WK2S, WK4ZS, WK4ZRS, WK4S, WK5S, WK27S, WK27M, WK27L, WK28S, WK28M, WK28L, WK6L, WK640; **Cutting Depth Control Arms:** WK11BW5, WK11DW5, WK11EW; **Accessories:** WK7, WK7L, WK8DSM, WK9, WK9B, WK11VEL, WK20, WKGA; 1-Intro & Training DVD and User Manual, 1-Carrying Case

REMOVAL TOOLS

Powerful tool & strong blades cut tough adhesive to remove adhesive bonded panels or panel sections.

E-TOOL™

Specifications:

Power Source: 12-Volt DC

Strokes Per Minute: 6400

Stroke Length: 1/8" (4mm) Fixed

Tool Weight: 2.9 lbs.

Battery & Bag Weight: 4.1 lbs.

Noise: 80 dBA

Kit Contents:

- 1-E-Tool
- 1-12V Battery in Carry Bag
- 1-Charger
- 1-Intro & Training DVD
- 1-User Manual

ETK1205

BTB E-Tool • \$1041

The BTB E-Tool system is small, powerful, lightweight and portable. It has a smooth cutting action and uses a variety of blades for removing glass, mouldings, emblems and body panels. This tool runs off of a 12-Volt battery pack that comes in a handy carrying bag with a strap.

ETK12TEC

Auto Glass Cut-Out Kit
\$1589

Safely remove any bonded glass from any vehicle! This comprehensive kit contains BTB's battery powered "E-Tool" for mobile auto glass technicians and mostly serrated blades, preferred for their faster cut-out times. Extra-long reach blade for cutting below dashboards, reverse grind blades for safe removal of unbroken encapsulated glasses intact without damage to encapsulation, along with BTB's exclusive "winged" WK6-M pinchweld trimming blade, eliminating paintwork damage often caused by other methods. Powered cold knife blades are included for a fast and easy cut-out anywhere a traditional cold knife was previously used. Adjustable cutting depth control arms regulate cutting depth.

Kit Contents: 1-E-Tool with 12VBattery and Charger; Blades: WK1S, WK2S, WK4S, WK4RS, WK4ZS, WK4ZVRS, WK24Z, WK24S, WK27M, WK28M, WK6M; Cutting Depth Control Arms: WK11BW5, WK11FW, WK11AW, WK11CW, WK11EW; Accessories: WK7, WK7L, WK8DSM, WK9, WK9B, WK11VEL, WK20, WKGA; 1-Intro & Training DVD and User Manual; 1-Carrying Case

ETK12STR

Auto Glass Cut-Out Kit
\$1318

The ideal kit for introducing mobile auto glass technicians to the BTB removal system. Contains BTB's battery powered "E-Tool" and a small selection of BTB's most used blades for modern style vehicle glasses. Includes a long reach serrated straight blade for cutting below dashboards, a general purpose "Top and Sides" "Z" serrated blade, along with BTB's exclusive Powered Cold Knife blades for a fast and easy cut-out anywhere that a traditional cold/pull knife was previously used. Adjustable cutting depth control arms regulate your cutting depth.

Kit Contents: 1-E-Tool with 12VBattery and Charger; Blades: WK2S, WK4ZS, WK27M, WK28M; Cutting Depth Control Arms: WK11BW5, WK11FW; Accessories: WK7, WK8DSM, WK9, WK11VEL, WKGA; 1-Intro & Training DVD and User Manual; 1-Carrying Case

BTB Diamond
Sharpening Stone • \$19

Non-Serrated vs Serrated Tips

Non-Serrated blades can be used in all removal applications.

Serrated - "S" blades provide a faster and more aggressive cut for glass removal.

Color Coding

YELLOW blades cut with the flat side of the blade tip facing and cutting against the glass surface.

ORANGE reverse blades cut with the flat side of the blade tip facing and cutting against the pinchweld, underneath encapsulated glass mould.

WK6SET • Original Winged Pinchweld Preparation Kit

WK6NKIT • Narrow Winged Pinchweld Preparation Kit

Featuring winged edges to prevent scratching and damage to the paint and body. An easily sharpened, sturdy design made to last. The narrow profile blades provide better clearance when working closely against pinchwelds, roof panels, A-pillars, and trim. Stored in a roll-up, canvas bag.

Original Kit Includes: one each of WK6S, WK6M, WK6L, WK640, WK7, and WKKEY.

Narrow Kit Includes: one each of WK6SN, WK6MN, WK6LN, WK640N, WK7, and WKKEY.

BTB Winged Replacement Blades and Accesories

\$19

WK6S • 1/2" Wide Winged Blade

WK6SN • 1/2" Wide Winged Blade, Narrow profile

WK6M • 3/4" Wide Winged Blade

WK6MN • 3/4" Wide Winged Blade, Narrow profile

WK6L • 1" Wide Winged Blade

WK6LN • 1" Wide Winged Blade, Narrow profile

\$16

WK640 • 1-9/16" Wide Trim Blade

WK640N • 1-9/16" Wide Trim Blade, Narrow profile

WK7 • Handle • \$12

WK7L • Double Handle • \$20

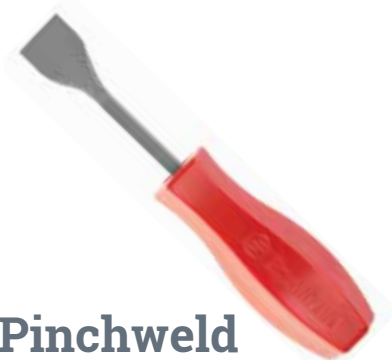

PREPARATION TOOLS

SC170

Wide Pinchweld Preparation Tool • \$13

This durable tool trims urethane with ease from the pinchweld and glass. Includes one blade.

Pinchweld Preparation Tool

\$8

SFE892 • 4" Long, 1/2" wide
NPS893 • 6-1/2" Long, 1/2" wide
WP738 • 4" Long, 3/4" wide
WPL833 • 6-1/2" Long, 3/4" wide

\$12

IHW716 • 7" Long, 1-1/2" wide

Used to remove urethane and butyl from the pinchweld. Made with a hardened steel blade and long shank to keep your hands away from pieces of broken glass.

SB531

Pinchweld Preparation Tool
\$20

EQS785 • Blade • \$9

This tool has a 3/4" wide blade for trimming the urethane. Made of spring steel with an aluminum handle.

MS496

Mini Scrapers
Pkg of 6 • \$7

Features an easy and safe blade change method and come with one single-edge razor blade.

RB497

Razor Blades
Pkg of 100 • \$7

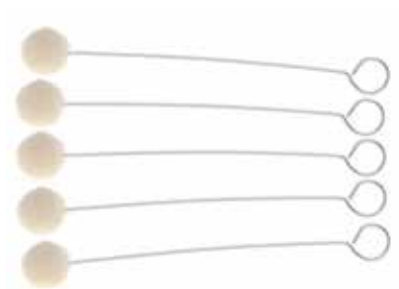

Tough, strong industrial razor blades used to remove everything from stickers to excess urethane.

JPB391

Plastic Razor Blades
Pkg of 100 • \$16

Won't damage tinted windows and other surfaces that can be scratched by metal razor blades. Fits our SC170 and MS496.

Wool Daubers

NPD221

BLOWHARD™ • \$157

Idea by: Joseph Demers

Equalizer® BLOWHARD™ is a powerful compact blower used to dry moisture quickly and remove debris from the vehicle.

Pinchweld Cleaning Brushes

TO1437 • Pkg of 10 • \$5
ABC421 • Pkg of 100 • \$24

Brushes are made with a thin, metal handle that is 6" long and 5/16" in diameter.

DM1094

Cotton Tipped Applicators
Pkg of 100 • \$2

Six inches long for extra reach.

JEB569

Pinchweld Cleaner • \$12

This brush has soft bristles yet enough stiffness to sweep the dust and dirt out of the pinchweld.

PREPARATION TOOLS

RPS601

Paint & Rust Stripper \$17

This pad is very aggressive and is intended for use when the rust is more than just superficial. It is 4" in diameter, 1/2" wide and comes with a built-in 1/4" mandrel.

JWW608

Mounted Rust Removal Brush • \$6

This brass coated, stainless steel brush measures 4" in diameter, 1/2" wide.

70603

Crimped 3" Wire Wheel Brush - Coarse • \$5

This brush measures 3" in diameter and 3/8" wide with a 1/4" mandrel and can be mounted to any drill for fast effective rust or debris removal. It is coarse and more aggressive for difficult removal of rust.

PBS598

Rust Removal Brush • \$6

These brushes are only 8" long with a wooden handle that is 7/16" square. The stainless steel brushes are arranged in 3 rows and measure 1-3/8" long and 3/8" wide.

MCP257

**Metal Cleaning
PrepSticks • Pkg of 12
\$30**

A safe and simple, no mess solution to neutralizing left over rust particles and to etch the metal for better primer adhesion.

*Individual tubes cannot be resealed for later use.
*Store in cool, dry place.
Not to exceed 120°F

SP3437

**Sanding Prep Pen
\$13
PR3438 • Refill Cartridges
Pkg of 2 • \$11**

For Fine Sanding & Cleaning
Our retractable Sanding Prep Pen goes where other tools or sand paper can't reach. Includes one extra sanding cartridge.

Rearview Mirror

HM374

Digital Hygrometer/Thermometer \$103

Displays temperature and humidity so that you can explain accurate, reliable and safe drive-away times to your customer as recommended by urethane manufacturers. Temperature ranges from 32°F to 122°F (0° to 50°C) and humidity ranges from 20% to 95% (temperature compensated). Comes with a traceable certificate of calibration. Batteries included.

MHP139

Hot Pocket • \$73

A portable 12-Volt option for keeping all urethane warm and easy to dispense and mouldings pliable. Heats up to 143°F from the center of the bag. Outer dimensions: 7" H x 19-1/2" D x 18" W.

HWM618

Little Black Box • \$67

Idea by: Walter Ray Mills

This 12-Volt urethane warmer measures only 10" L X 7" W X 8" H. It heats up to 300°F and holds 4 tubes of urethane. Made with a durable plastic housing with aluminum lining.

GL1153

Urethane Heater • \$180

A 12-Volt heating box with an adjustable thermostat that can heat up to 140°F. Can accommodate urethane packs up to 600ml. Outer box dimensions: 16"L x 11"W x 11-1/2"D. Inner box dimensions: 13"L x 6-1/2"W x 7-1/2"D.

CS1075

Heavy-Duty Nozzle Cutter • \$17

Provides a safer method for trimming urethane nozzles. Made with a hardened steel blade and two different size notches to accommodate multiple nozzle diameters.

VNT306

Top Notch™ • \$45

Invented by: Glenn Barrett

A safe effective way to make a perfect V-Notch.

Notch measures 3/4" L x 7/16" W.

NTL348

Up-A-Notch™ • \$79

Invented by: Glenn Barrett

A safe effective way to make a perfect V-Notch for larger beads.

Notch measures 1" L x 1/2" W.

Made in the USA.

Milwaukee® M18™ Cordless Urethane Gun

Milwaukee® Urethane Guns deliver urethane with a powerful pushing force of 950 pounds and dispense the highest viscosity materials with ease. The combination of a variable speed dial and trigger switch along with the Constant Flow Technology, provides a steady material flow rate and even urethane beads. The auto-reverse feature prevents unwanted dispensing of materials. An interchangeable front-end allows this unit to be used with 10 oz. (300ml), 20 oz. (600ml) or quart size (32 oz./946 ml) sausage packs (conversion kits sold separately). For the 465ml urethane packs, you can use the 600ml barrel by pushing the plunger up to accommodate the pack.

264121CT

Standard Urethane Gun
\$399

Tool comes complete with battery and charger.

264221CT

Sausage Pack Urethane Gun
\$484

Tool comes complete with battery and charger.

264321CT

Sausage Pack Urethane Gun
Clear Barrel • \$524

Tool comes complete with battery and charger.

MCC153

Combo Kit • \$454

Includes standard urethane gun kit (264121CT) and 20 oz. sausage pack conversion kit (48081093) as well as battery and charger.

UTH577

Urethane Holder • \$60

Made to hold ten urethane tubes. Made of steel in the USA.

UTO539

Urethane Tube Opener • \$8

Used for puncturing the front seal and removing the rear seal.

JSC1098

Exposed Edge Spacer Clip • Pkg of 6 • \$8

For use on vehicles with exposed edge glass, especially for Jeep Wranglers (2007-2017). This reusable clip is used to achieve the proper gap alignment between the glass and the body.

LK1261

Universal Windshield Stop

Box of 10 • \$10

Made of plastic and are easy to cut and shape to fit your needs.

KB1228

Rubber Setting Block Pkg of 50 • \$7

Size is 3/8" x 3/8" x 1" and made of hard rubber.

5304001

Rear Window Stop Pkg of 25 • \$8

Fits all GM B-Bodies Rear Windows and is NAGS® number 20173225.

5404001

Chrysler Stop Pkg of 25 \$12

Fits 84-00 Chrysler Minivan, 81-89 Aries, and 87-95 Le Baron Coupe Convertible and is NAGS® number 3767196.

Gold Glass Group Mouldings

Designed to not shrink or discolor over time, never crimp around corners, always lay flush against the vehicle, never need a heat gun to install, and fit both thick windshields and thin tempered parts. A layer of butyl is embedded into the channel of each moulding and adheres to the vehicle while the urethane cures. This adhesive assures a perfect bond and the cured urethane holds it permanently in place.

Universal Economy Mouldings

\$51

MHP139

Hot Pocket • \$73

A portable 12-Volt option for keeping all urethane warm and easy to dispense and mouldings pliable. Heats up to 143°F from the center of the bag.

HGS353

HeatWave™ Heat Gun • \$163 HE373 • Heating Element • \$62

Used to heat mouldings making them pliable for a more precise fit. Temperature settings of 570°F or 1050°F and an air flow of 15 cubic feet per minute. 12 amps (1440 watts). Made in the USA.

FV1128

Heavy-Duty Heat Gun • \$228

This gun will heat up to 1000°F for reshaping mouldings and has an air flow of 23 cubic feet per minute. Adjustable non-slip stand for hands free use. 14.5 amps (1740 watts). Made in the USA.

MCA265

Standard Moulding Maker • \$30

Make precise angle cuts with this tool. The lower jaw has cast-in numbers and lines to show you the angle you are cutting. Uses standard utility knife blades UKB498.

AA1003

Zap-A-Gap™ • \$7

Simply put a small drop of Zap-A-Gap™ on broken plastic parts and press them back together. In a few seconds, the glue is dry and the pieces are bonded. Bottle contains 0.5 fluid ounces.

AB1005

Zip Kicker™ • \$9

An accelerating, sprayable liquid that causes Zap-A-Gap™ and our Black Moulding Adhesive to dry immediately. Bottle contains 2 fluid ounces. Made in the USA.

BMG466

Black Moulding Adhesive • \$8

Our Moulding Adhesive is super-strong and weather-resistant. Each bottle contains enough adhesive for hundreds of applications. Store in a cool, dry place. Has a one year shelf life. Bottle contains 0.5 ounces.

Honda Accord Assorted Clips • Pkg of 25 • \$12

These clips are used on the FW2358, FW2387, and FW2351.

JetPacks™

JP135 • Single • \$360
JP140 • Pair • \$710

Equalizer® JetPacks™ vacuum cups eliminate the need for manual pumping. Just turn on a JetPack™ and stick it on the glass and it handles the pumping. If the cup loses vacuum, the AIRFORCE™ vacuum technology takes over and keeps that valuable suction going until the cup has maximum vacuum again. Equalizer® JetPacks™ have a 7" diameter cup with a maximum safe working load of 100lbs/45kg. They will fully charge within two hours. The single cup comes with one 120 volt charger and the pair come with two 120 volt chargers packaged in a soft carry case.

Visual Vacuum Plunger Cups

JVC192 • Single • \$83
JVT193 • Pair • \$157

Visual Vacuum Plunger Cups feature a red warning line. The cup measures 7" in diameter with a lifting capacity of 90 lbs (41 kg) per cup. Made for curved glass. Replacement parts are available for purchase.

SSC209

Super Size Vacuum Cups
Pair • \$85

These vacuum cups contour better and flatten tighter against the glass. Designed for automotive use and not for plate glass. Do not lift in excess of 100 lbs (45 kg).

T-Cup Vacuum Cups

TC198 • Single • \$73
TC199 • Pair • \$145

Designed with an ergonomic handle with a vacuum cup that attaches to curved or flat surfaces for maximum flexibility of use. Do not lift in excess of 70 lbs (32 kg) per cup. Replacement parts are available for purchase. Made in the USA.

Squeeze Handle Vacuum Cups

JAC196 • Single • \$22
JAT197 • Pair • \$43

Each cup measures 4-7/8" in diameter and is rated at 35 lbs of lifting capacity. The handles are made of high tensile strength aluminum.

Self-Pressure Vacuum Cups

JRC194 • Single • \$21
JRT195 • Pair • \$56

Made of 100% rubber for flexibility and handles with anti-slip grips. The diameter is 6-1/2" and is rated at a lifting capacity of 45 lbs each.

Wood's Powr-Grip Vacuum Cup

VHC913 • Single • \$83
VCS914 • Pair • \$161

Wood's Cups feature a red line as a warning if vacuum is being lost. Do not lift in excess of 70 lbs per cup. Replacement parts are available for purchase. Made in the USA.

SAFELIFT™

SL1000

SafeLift™ • \$4130

Equalizer® SafeLift™ is a powered installation system that allows a technician to remove and install windshields, panoramic roofs, backlites, and even body panels without a second technician. SafeLift™ features a remote controlled lifting operation that enables setting glass from either the left or right side of the vehicle and an innovative rotating glass stand. SafeLift™ provides technicians full mobility without heavy lifting and strain. Made of light-weight aluminum for mobile or in-shop application.

SIDEKICK™

AUTO GLASS SETTING TOOL

- Acts as the “other person” to install a windshield or backglass on your own
- No measuring or precise placement required
- Works from either side of the vehicle

Patent No.
8,572,835

JSK757

Deluxe Kit • \$470

The deluxe kit includes a double vacuum cup and 2 individual vacuum cups for use on the glass in addition to the Sidekick™ base and upper vacuum cups.

JSS756

Standard Kit • \$272

The standard kit comes with the Sidekick™ base and upper vacuum cups.

HST212

The Auto Glass Setting Stick • \$145

You can easily install a windshield by yourself without worrying about setting it properly with the Auto Glass Setting Stick. Measures 48" Long x 2" Wide x 3/4" Thick. Made in the USA.

EP912

Elbow Pad • \$24

Ideal for setting windshields to help prevent injury. Features an interior metal layer for distributing pressure across the vehicle's hood to prevent damage. A great addition to any setting device.

RL1382

HoodStop™ • \$115

When you set the windshield, the HoodStop™ will stop the windshield in the correct place. Close the hood, dry-set the windshield, set the stop on the windshield in the proper position, and engage the vacuum.

TJ1432

Speed Stops™ Pkg of 10 • \$12

Speed Stops™ are 1/2" long, but the nylon spacers can be quickly removed and shortened so Speed Stops™ will fit any vehicle. They are self-tapping so there is no need to drill a hole.

LJ1260

TopSTOP™ • Set of 2 • \$16

A reusable option for holding the glass in place while the urethane is curing or holding the trunk lid down while working on a back glass.

PHT318

Moulding Hold Down Tool • \$10

Designed to hold the emblem or moulding in place while the adhesive cures. Mounts with a vacuum cup and features an adjustable knob to control amount of pressure applied. Made of high-impact plastic.

Gold's Retention Tape

This tape is designed to temporarily retain the moulding in the proper position while the urethane is curing. This tape leaves no residue, repels water, and is translucent so you can see beneath. Each roll is orange, 108' long and 1-1/2" wide, except the GOR0206 that is 2" wide.

RMI309

Rearview Mirror Installer
\$54

Designed for re-installation of
spring-loaded mirrors.

RVR240

Rearview Mirror
Assembly Tool • \$48

Designed to reassemble the
mirror ball joints together.

LRR243

Lexus Rearview Mirror
Removal & Assembly Tool • \$24

TN1436 • Ball Bearings
Pkg of 6 • \$5

For Lexus 300, 330 (1998-2005),
400 & 430 and some Toyota
models.

KSS201

Kling On Single Shot • \$5

Single application (0.5ml) of KlingOn™ Rearview Mirror Adhesive. Equalizer® KlingOn™ Slinge Shot Rearview Mirror Adhesive has a squeeze-on primer. The adhesive has a gel-like consistency to keep it from running down the windshield.

KMK630

KlingOn™ Rearview Mirror Adhesive Kit • \$22

Unlike most brands, our KlingOn™ has a brush-on primer instead of spray for less waste and low odor application. The adhesive has a gel-like consistency to keep it from running down the windshield and has a quick setting time of less than one minute. Contains enough material to adhere 200 mirror buttons.

Kit includes: 0.5 fluid ounce bottle of Rearview Mirror Adhesive and 0.5 fluid ounce bottle of Primer.

Mirror Buttons • Pkg of 10

DW400

BMW Door Glass Wrench • \$149

This specialty tool allows you to remove, replace and adjust frameless door glass on vehicles. Designed to work on BMW coupes and convertibles, mini coopers and most vehicles with frameless door glass. *For use with: 6 Series Convertible/Coupe, 2 Series Convertible/Coupe, 4 Series Convertible/Coupe, 3 Series Gran Turismo, 4 Series Gran Coupe, M4 Convertible/Coupe, i3*

PRT305

Friction Pin Tool \$74

With five adjustable settings this tool will remove and replace any swing or pop-out latch friction pins.

LSW583

Retaining Nut Tool \$8

Designed for Ford, GM and Chrysler vehicles to remove or install window retaining nuts. The slide-through handle allows you to work in confined spaces or to remove a glass that is not broken. Made of steel and plated to prevent rusting.

DZ623

MultiSpanner™ • \$48

Our MultiSpanner™ is made of a sturdy steel block and has five different sizes and configurations of pins. Designed to use a 1/4" socket wrench with an extension.

ASW576

Adjustable Spanner Wrench • \$49

The unique design allows it to fit a variety of different size retaining nuts. Made of hardened steel.

ERT470

Pop Rivet Setting Tool \$85

This pop rivet setting tool comes with the two most commonly used sizing nosepieces and also has another three sizes for anything else you might encounter. The tip is 5-1/2" long to reach deep inside any door. It features a small plastic bottle between the handles that catches the shank of the pop rivet. Includes an extra pair of jaws (that pull the rivet) and a wrench to change the sizing nosepieces.

DO1097

Twistable Head Pop Rivet Tool • \$43

Designed with a unique head that can be rotated all the way around to point in any direction. Comes with 4 different sizing nosepieces for use with 3/32", 1/8", 5/32", 3/16" rivets and a wrench to change them. Steel construction with a vinyl grip.

HR822

Short Rivets Box of 100 • \$30

For installing regulators and door handles.
Diameter 1/4"
Grip Range Max. 9/64"

HR823

Long Rivets Box of 100 • \$40

For installing door glasses.
Diameter 1/4"
Grip Range Max. 5/8"

IS742

Installation Stick • \$1

The most used tool by Auto Glass Technicians. Can be used to manipulate the urethane, remove door panels, install rubber gaskets, remove mouldings, lift the cowlings, and tuck in headliners. Made in the USA.

ISC741

Chisel-End Installation Stick • \$2

Use the rounded tip for all the things you now use a regular installation stick for, and then turn it around and use the chisel-end to scrape excess urethane buildup out of corners where a pinchweld scraper or blade will damage the paint. They are great for removing excess wet urethane. Made in the USA.

Custom Installation Sticks

JD1221 • Standard • Pkg of 1000 • \$1089
JC750 • Chisel Point • Pkg of 1000 • \$1809
ICR754 • 500 Standard & 500 Chisel Point
Pkg of 1000 • \$1449

Print your company logo and information in full color on installation sticks to give to your customers. Use your artwork or we can customize a design for you for a one-time set-up fee. Price is for one side only. Made in the USA.

Installation Stick Handle

ISH691 • Handle Only • \$4
IWH692 • Handle With Stick • \$5

A tool handle that is hollowed out in such a way that it will allow an installation stick to be slipped inside and fastened with a set screw. Replacement screws available.

Locking Strip Tool

\$19

LS758 • Standard

RU1391 • Curved Shaft

The unique design of this tool allows the tip to swivel 90° in either direction to work where others will not. Four different type eyelets will fit most rubber locking strips on the market.

LGM207

Locking Strip Tool • \$6

The narrow jaws open the rubber gasket and a small piece of metal rolled under the center part forces the locking strip into place. Works on Ford, Chevy and Mack trucks, as well as BMW and recreational vehicles. This tool is made of chrome-plated, hardened steel.

PA1348

Locking Strip Tool • \$24

Features 6 different size tips that can be changed in seconds by loosening the hex screw. The tips range in size from 3/8" all the way up to 3/4". The 3/4" tip has a 90° angle to give the proper angle on wide, flat-type locking strips.

BDA251

Footloose™ • \$73

With Footloose™, you can push out on the glass with one hand while you release the rubber gasket with the other.

RGC751

**Rubber Gasket Cleaner
\$12**

Designed with a chisel-end that is sharpened on the end and sides so it will clean glass and old sealant out of the gasket with one, easy pulling motion while keeping your hands clear of the glass.

RT752

Rope Insert Tool • \$17

This tool is designed to ease the rope under the lip and set it in the groove of the gasket. Has a 20 foot length of rope that will reach around the largest rubber gasket. Made in the USA.

PT697

Pigtail Tool • \$16

Designed to fold the self-locking rubber into the locking part of the gasket.

MQ1292

Self-Locking Rubber Gasket Tool • \$12

The curved polished steel tip of this tool will slide the locking rubber in easily.

MR1293

Ball End Self-Locking Rubber Gasket Tool • \$12

The steel ball makes it very difficult for the tool to come out of the rubber gasket lessening the chance you will scratch the paint of the vehicle you are working on.

RGL34

Self-Locking Rubber Gasket Tool • \$36

End Replacements:

RFE39 • Pigtail • \$11

RFS40 • Straight • \$10

The pigtail end of the tool is most useful when the self-locking rubber is not very old and still a little stubborn. The straight end works great when the self-locking part goes into place easily. Made of cast aluminum with steel ends.

Double Bend Rubber Hook Tool

\$12

RT753 • Short

RTL895 • Long

Designed for pulling the rubber gasket over the pinchweld on rubber set jobs. Has a bent-then-curved end. RT753 shank measures 3-1/4". RTL895 shank measures 7-1/2". Made in the USA.

AHL818

Straight Rubber Hook Tool • \$12

This tool has a longer hook section to reach over any pinchweld and grab the rubber gasket. It measures 7" from the curve to the point where it goes into the tool. The hook is 1-1/2" long from curve to tip.

MT1295

Narrow Nose Hook Tool • \$12

This tool is an 1/8" thick at the bend and tapers down to 1/16" at the tip. Made of hardened steel and chrome-plated.

HTS923

Hook & Pick Set • Set of 4 • \$12

Our Hook & Pick Set helps you pry up the smallest items. The straight pick also works great when you are trying to align small holes. Tools measure 6-1/2" Long.

LG1257

Pattern Making Pencil \$12

Use our Pattern Making Pencil to make a pattern when a glass is missing in a piece of heavy equipment. Most rubber gaskets have a 5/16" space between the rubber and the pinchweld. This pencil has a plastic ring that spaces the pencil exactly 5/16" inside the pinchweld and makes a perfect pattern. Made of aluminum with a collet holder that keeps the pencil in place.

LY1275

Radius Patterns Set of 9 • \$47

Use these patterns to determine the radius, then measure the size of the opening. Radius Patterns have 9 circles starting at 1" and increasing in 1/4" increments up to 3".

6" Radius Pattern
Sold Separately

LY1275-6

Radius Pattern • \$18

6" add on to the LY1275 pattern set.

Fletcher Glass Cutters

High-quality glass cutters made in the USA.

FT01711

Ball End • Fluid Dispensing • \$55

This glass cutter is made with a 140° tungsten carbide cutting wheel. The head can be locked for straight cuts or placed in a swivel position to swivel around a radius cut.

FT01702

Ball End • Fluid Dispensing • \$45

This glass cutter is made with a 140° tungsten carbide cutting wheel.

FT01826

Ball End • \$7

FT01827

Ball End • Box of 12 • \$78

Features a 130° steel cutting wheel.

FT01111

FT01214

Straight End • Box of 12 • \$320

FT01220

Ball End • Box of 12 • \$320

Made with a 124° carbide wheel.

Toyo Glass Cutters

Toyo Glass Cutters are high-quality, self-oiling glass cutters that come in six translucent colors as well as clear acrylic. Because they are translucent you can see how much oil is in the cutter. Each cutter utilizes an end cap with a seal so the oil will not leak from the end of the cutter.

AF1009

Choice of Color • \$34

AX1027

Box of 6 • One of Each Color • \$197

AE1008

Clear Acrylic Supercutter • \$35

FT09541

EnviroGOLD™ Glass Cutting Fluid • 4 Oz. • \$12

Extends the life of the cutting blade. It is biodegradable, non-flammable, non-toxic, and non-corrosive. Made in the USA.

AC1006

Straight Jaw Glass Breaking Pliers • \$12

Used to grip the glass at the score line and apply downward pressure to break the glass. These pliers measure 8" long and have a flared jaw that goes from 1/2" at the swivel to 1" at the tip.

AD1007

Drop Jaw Glass Breaking Pliers • \$16

Features a bottom jaw to tap the underside of the glass to begin the break. These pliers measure 9" long and have a nose that flares from 1/2" at the swivel to 1" at the nose.

FT06112

Fletcher 8" Glass Breaking & Glass Running Pliers • \$26

Features a unique design that allows you to switch the jaws from glass breaking to glass running. Made of a reinforced plastic material. Made in the USA.

PTK324

41-Piece Professional Technician Socket Set • \$109

Made of high-quality, chrome vanadium steel. Set contains the following items in a foam lined plastic carrying case:

Standard sockets - 1/4" drive: 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16", 1/2"

Metric sockets - 1/4" drive: 5mm, 5.5mm, 6mm, 7mm, 8mm, 9mm, 10mm, 11mm, 12mm, 13mm

Deep well sockets - 1/4" drive: 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16", 1/2"

Metric deep well sockets - 1/4" drive: 5mm, 5.5mm, 6mm, 7mm, 8mm, 9mm, 10mm, 11mm, 12mm, 13mm

Extensions - 1/4" drive: 6", 3"

Nut driver: 1/4"

Ratchet - 1/4" drive; Short ratchet - for confined spaces.

PTN325

66-Piece Professional Technician Socket Set • \$175

Made of high-quality, chrome vanadium steel. Set contains the following items in a foam lined plastic carrying case:

Standard sockets - 1/4" drive: 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16", 1/2";
3/8" drive: 9/16", 19/32", 5/8", 11/16", 3/4"

Metric sockets - 1/4" drive: 5mm, 5.5mm, 6mm, 7mm, 8mm, 9mm, 10mm, 11mm, 12mm, 13mm;
3/8" drive: 14mm, 15mm, 16mm, 17mm, 18mm, 19mm

Deep well sockets - 1/4" drive: 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16", 1/2";
3/8" drive: 9/16", 5/8", 11/16", 3/4"

Metric deep well sockets - 1/4" drive: 5mm, 5.5mm, 6mm, 7mm, 8mm, 9mm, 10mm, 11mm, 12mm, 13mm;
3/8" drive: 14mm, 15mm, 16mm, 17mm, 18mm, 19mm

Extensions - 1/4" drive: 6", 3";
3/8" drive: 6", 3"

Nut driver - 1/4"

Ratchet - 1/4" drive, 3/8" drive; Short ratchet for confined spaces - 1/4" drive, 3/8" drive.

Made in the USA.

98057

Torx® Key Set • \$21

Includes the following sizes:
T10, T15, T20, T25, T27, T30,
T40.
Made in the USA.

AW1026

Angle Screwdriver • \$56

Our Angle Screwdriver has a thumb brace that allows you to swivel the driver to any angle and use your thumb to keep it from rotating while you remove a screw. Comes with six screwdriver bits: #1, #2, #3 Phillips and #3, #5, #8 slotted, stored in the flip-cap handle.

BAS550

Angle Screwdriver Without Handle • \$42

For a power drill/driver.
One #2 Phillips screwdriver
bit included.

260122

Cordless 1/2" Compact Drill Driver \$423

The M18™ Cordless 1/2" Compact Drill Driver has a long run-time and needs fewer battery changes. The balance, weight, and grip of the tool have been optimized to reduce fatigue. Its superior bit-grip prevents frequent bit retightening and lost bits while the built-in LED's illuminate your work surface.

Kit Includes: 1-M18™ Cordless 1/2" Compact Drill Driver, 2-M18™ Compact Battery Packs, and 1-30 Minute Charger. All in a handy plastic carrying case.

15557

10 Piece Drill Bit Set • \$12

This set includes the smallest bit starting at 1/16" and graduates in increments of 1/64" with the largest bit being 1/4".

TBS1486

Super Torx® Bit Set • \$76

Includes the following sizes:

T-60 with a 1/2" ratchet drive, T-55, T-50, T-47, T-45, T-40 each with a 3/8" ratchet drive, and T-30, T-27, T-25, T-20, T-15, T-10 each with a 1/4" ratchet drive. Made in the USA.

RHR584

Rivet Head Removal Drill Bit • \$68

Removes the rivet head and leaves the steel stem in place. This allows you to push the remaining aluminum shank and the rivet stem out to release the rivet. Made of hardened steel in the USA.

Grip Range Max. 9/64"

Repair

Windshield

Defroster

TSK710

Terminator® • \$2700

- Minimal training required
- Convenient for business owners and CSRs
- Automatically alternates between pressure & vacuum cycles for better results
- Only automatic windshield repair system
- Virtually hands-off

Equalizer® Terminator® is an automatic windshield repair system. Terminator® provides freedom, allowing technicians to walk away and focus on other business while the repair is in process. Terminator® will automatically alternate between pressure & vacuum cycles according to the repair selected.

Kit contains: Terminator® unit, hose, UV curing light, bridge & injector assembly, battery, charger, 25 razor blades, mini scraper, 20 mylar squares, 1 oz cleaning solution, cleaning brush, LED flashlight, .5 oz medium viscosity resin, .5 oz pit filler resin, 1 oz pit polish, .5 oz thin viscosity resin, probe, mirror, UV shield, and an injector cleaning brush.

TRB712

**Terminator®
Bridge Only • \$191**

Bridge unit only for Terminator® repair system.

TRC719

Terminator® Charger • \$61

Charger for Terminator® repair system.

TRT715

Terminator® Battery • \$169

Battery for Terminator® repair system.

TRJ714

**Terminator® Injector Only
\$171**

Injector unit only for Terminator® repair system.

TRH716

Terminator® Hose • \$34

Hose and fittings for Terminator® repair system.

Terminator® O-Rings

\$2

TOW716 • White O-Ring

TOB717 • Black O-Ring

TOR718 • PKG of 2 Each

O-Rings for Terminator® repair system.

ROCK STAR®

RSR800

Rock Star® Repair System • \$721

Our Rock Star® Repair System quickly performs strong and clear repairs. The bridge and stainless steel injector assembly features a combination design which allows for quick and easy alternation between vacuum and pressure cycles. Included is our specially formulated pit resin that is extremely fast wicking and produces unparalleled optical clarity and strength. It creates a powerful bond to the glass surface, but is easy to scrape off the excess and then polish to perfection with our non-abrasive pit polish. Made in the USA.

System includes: Bridge and injector assembly, large threaded pit adapter, UV shield, probe, mirror, cleaning brush, whisk brush, 20 mylar squares, pit tape roll, 12-Volt UV curing light, LED flashlight, 25 razor blades, 'O' ring kit, .5 oz. thin viscosity resin, .5 oz. medium viscosity resin, .5 oz. pit filler, 1 oz. pit polish and 1 oz. cleaning solution. All items come in a soft carry case with foam liner.

VOR1468

Rock Star® O-Ring Kit • \$44

Rock Star® Replacement O'Ring Kit. Includes the following: 10 Large White, 10 Small White, 10 Brown, and 5 Black O'Rings.

VPA1503X

Rock Star® Large Pit Adapter • \$14

In cases where the pit may be too large for the normal injector to fully cover the impact point you need a Large Pit Adapter. It threads onto the end of the injector and forms an airtight seal.

VBA1443

Rock Star® Bridge & Injector • \$302 VIA1502 • Injector Only • \$242

The injector has a combination design that allows for quick and easy alternation between vacuum and pressure cycles. It also features a simple one step resin filling port by just simply removing the plunger rod. Durable and easy to clean. Made in the USA.

ROCK STAR ROADIE

UV528

Rock Star® Roadie™ • \$206

The Roadie™ provides for quick set up and ease of use. The kit features a quick-mounting pedestal and resin chamber as well as a dual-action injector to deliver specially formulated resin to the break.

Kit includes: 1 standard injector, 1 hose, 1 battery powered UV lamp (batteries included), 1 cure guard, 1 flow regulator, 1 probe, 20 adhesive pads, 20 pedestals, 1 bottle Pit Filler Resin (.5 oz.), 1 bottle Thin Viscosity Resin (.5 oz.),

INJ581

Standard Injector • \$42

P536

Pedestals • Pkg of 25 • \$48

One time use. For use with AS537.

AS537

Adhesive Pads • Pkg of 25 • \$24

Disposable pieces of double-faced tape. For use with P536.

CCG349

Cure Guard • \$7

Protects resin from UV light during repair.

FR1

Flow Regulator • \$7

H538

Hose 36" Section • \$8

KWR1491

Deluxe Windshield Repair Kit • \$479

Our Deluxe Windshield Repair Kit is designed with all of the essentials for windshield repair.

The kit includes: 1 of Each; Repair Bridge System, UV Light, Single Point Probe, Coated Safety Gloves, Glass Cleaner, Safety Glasses, Instructional DVD, Repair Manual/Business Guide, Pre-Chipped Practice Glass. Plus 5-Drill Bits, 100-Razor Blades, 10 Inner O-Rings, 5-External End Seals, 2-Resins (.5 oz.), 2-Pit Fillers (.25 oz.), and curing film for 100 or more repairs.

KBA1494

Bridge Assembly • \$181

KPR1493

Pit Filler Resin
.34 Fl Oz. (10 ml) • \$16

KRR1492

Repair Resin
.52 Fl Oz. (15 ml) • \$24

KOE1495

10 End Seals & 20 "O" Rings • \$36

KDB1496

Carbide Drill Bits
Pkg of 5 • \$23

REPAIR

VUV1447

UV Curing Light • \$30
UF574 • Replacement Bulb • \$16

Battery powered UV light with built-in flashlight (batteries included).

GKL868

12 Volt UV LED Lamp • \$156

12v with an AC adapter.

TRL713

UV Light • \$282

LED UV Light. Fast curing at only 50 seconds.

Resin

\$22

.5 Oz. bottle

VTR1448 • Thin Viscosity
VMR1450 • Medium Viscosity

\$39

1 Oz. bottle

VTI1449 • Thin Viscosity
VMI1451 • Medium Viscosity

Produces unparalleled clarity and strength. Thin resin (10 cps) is a general use resin for repairs in all climates and wicks extremely fast. Medium resin (40 cps) is an ideal choice for hot climates.

Pit Filler

VPF1452 • .5 Oz. • \$22

VPL1453 • 1 Oz. • \$39

This is an extremely hard curing resin, creating a powerful bond to the glass surface. It is also easy to scrape off and then polish to perfection with our non-abrasive pit polish.

VUS1501

UV Shield • \$22

Square shield to protect the repair area from UV rays. Measures 15-1/2" with suction cups on each corner and an opening for the bridge and injector assembly.

TRO653

Tinted Repair Resin

1 Oz. • \$39

This is a thin viscosity formula which produces extremely clear and strong repairs in any climate or repair situation. The added tint helps "disguise" its presence in the crack and adds to visual clarity. It can also be used as a general repair resin.

VPO1455

Pit Polish • 1 Oz. • \$8

A non-abrasive pit polish that gives the repair a smooth finish.

TUS720

Terminator® UV Shield • \$11

UV Shield 3.75" in diameter.

VCB1454

Cleaning Solution

1 Oz. • \$7

Formulated especially to clean the Equalizer® Rock Star® Injector.

*Not to be used on vacuum cups.

AVL209

Cup Lube • 1 Oz. • \$9

To maintain the vacuum cups and keep them soft and pliable. Can also be used on cups for easy movement of the bridge assembly or repair mirrors without having to remove and replace.

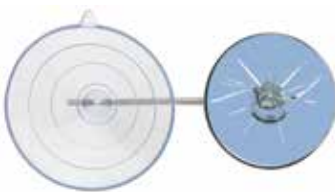

VPS1460

Probe • \$12

Hardened stainless steel probe with dual sided tip for cleaning broken glass out of a bull's-eye break or to flex the break.

VRM1467

Mirror • \$14

VPT1489

Pit Tape Roll • \$13

VWB1462

Wisk Brush • \$6

Great for cleaning debris out of the pit.

VCB1461

Cleaning Brush • \$7

For cleaning inside the injector.

RB497

Razor Blades • Box of 100 • \$7

DFG191

Glass Drill • \$36

This is a 12-Volt variable speed glass drill that will plug into any power point. It has a speed of 13,000 RPM. Cord measures 67" or a little over 5-1/2 ft.

VFL1463

LED Flashlight • \$19

Produces a powerful white light which will allow you to see what may be overlooked with conventional flashlights.

CCB491

Carbide Glass Drill Bits Pkg of 10 • \$42

For use in RGD490 drill.

CDB464

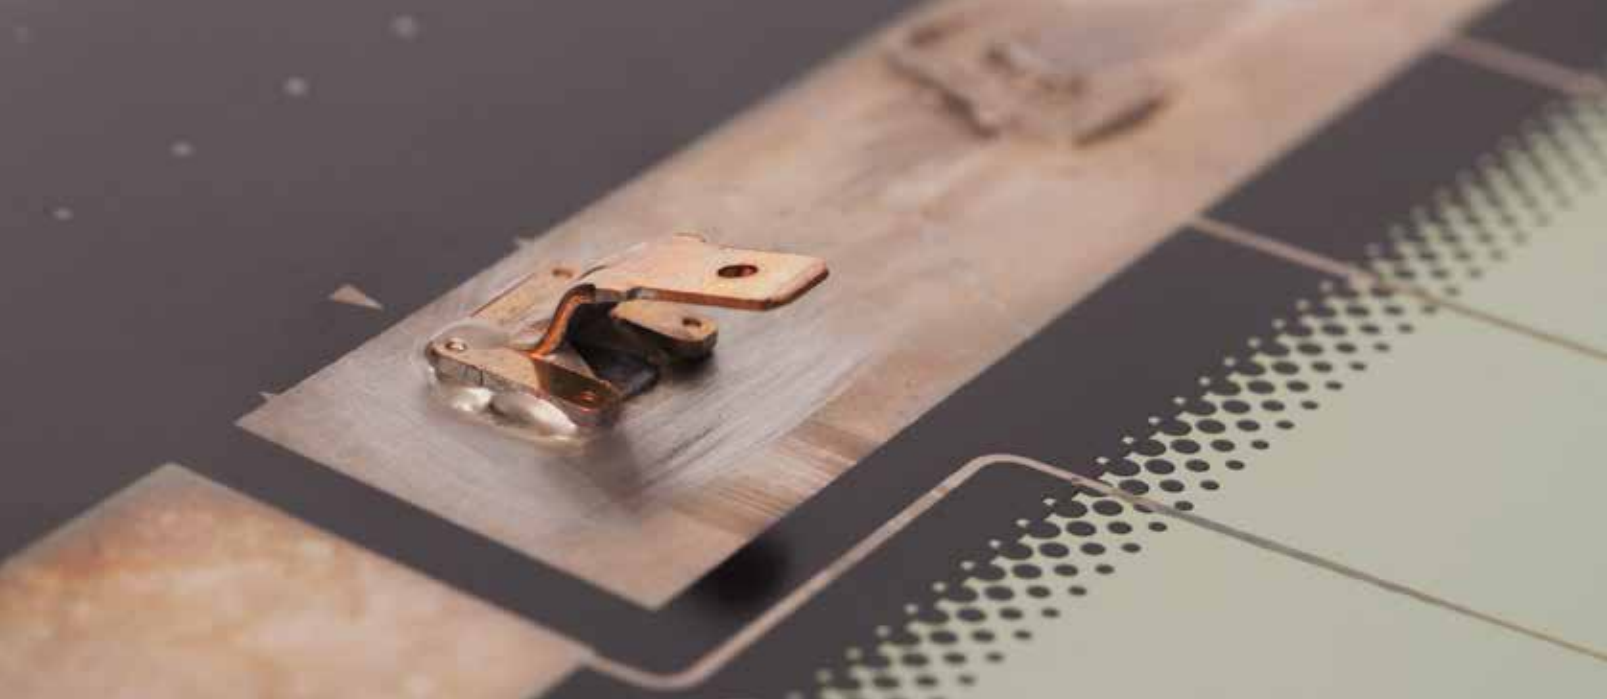

Carbide Drill Bits Pkg of 10 • \$19

For use in the DFG191 drill.

MS492

Mylar Squares Pkg of 20 • \$7

DRK672

Master Defroster Repair Kit • \$132

Our Master Defroster Repair Kit comes with everything you need to make dozens of repairs and comes neatly packaged in a compartmentalized plastic box. Store in a cool, dry place.

TBA674

Tab Repair Kit
(Combined 0.24 Oz.) • \$56

TPS676

Solder Paste • 0.21 Oz. • \$55

TGR677

Grid Repair • 0.18 Oz. • \$31

DRT671

Tabs • Pkg of 5 • \$30

DRC673

Connectors • Pkg of 5 • \$30

THE ULTIMATE HANDS-ON AUTO GLASS TRAINING PROGRAM

Auto Glass Academy offers professional instruction of the removal, replacement & repair of auto glass to all that want a strong foundation to perform quality work.

Our curriculum is built on over 30 years of global research, product development and industry-wide training in an expansive range of environments.

We accommodate all types of career backgrounds at Auto Glass Academy. Whether you have no experience in the auto glass industry or you are the resident expert at your shop who is keeping your skill set sharp in the ever-changing automotive industry, we have the perfect platform and experience necessary to take you where you want to go.

Whatever your needs, Auto Glass Academy will help you reach your goals of mastering the auto glass removal, replacement and repair process using Equalizer® brand tools.

Cleaning

WorkStand Wheeler

HDK629

Heavy-Duty Windshield Stand • \$60

Made of 1" tubing covered with a foam that grabs and holds the glass. Stand measures 28" wide with an adjustable height from 30" to 39". Assembles quickly with just 6 bolts and holds 150-200 lbs.

I0664

Windshield Stand Replacement Pad • \$9

STA668

Stand-Aid™ One Unit • \$32

Invented By: Jarrett Lafferty

A quick and easy fix for cracked, pitted, or torn windshield stand covers. Stand-Aid™ is a reusable cover made of 5 mm neoprene fabric and a Velcro® closure strip. Measures 9" W x 19-1/4" L.

WSW208

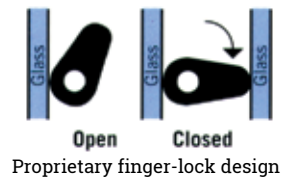

Work Stand Wheeler • \$50

The Work Stand Wheeler helps technicians to move loaded work stands easily. It fits square or round, X-Frame type tube stands and has a low 3" profile. The entire unit measures only 36" in length.

Burco® Redi Rack™

Constructed of heavy-gauge steel with a powder-coat finish for all-weather protection and low maintenance. Secures windshields in place with the proprietary finger-lock design to prevent damage in transit. Made in the USA.

BS1047

5-Slot With 15" Masts
\$500

BT1048

9-Slot With 18" Masts
\$599

BV1050

9-Slot With 24" Masts
\$762

BW1052

Slick Eddie™ • \$16

Reduces friction between the windshield and rubber base. Free with each Burco® windshield rack purchase.

Lo-Rider™ Folding Glass Racks

NSE825 • 5-Slot • \$545

NSE826 • 9-Slot • \$811

Patent No.
5884778

Designed with four friction pins to hold the mast assembly in a vertical position. When you want to fold the mast, pull out the four friction pins, and then lay the masts down. Constructed with heavy-duty aluminum with wide mast spacing allowing you to carry any size glass panel. Easy loading of glass from top or side allows you to work out of trucks or vans. Pre-assembled. The NSE825 measures 20-1/2" L x 30" W x 21" H. The NSE826 measures 32-1/2" L x 30" W x 21" H. Made in the USA.

Foam Dash Insulation

FDI896 • 3/4" (20 mm) • \$19
FDI897 • 15/16" (25 mm) • \$23
FDI898 • 9/16" (15 mm) • \$15

The foam strip on the inside of the vehicle between the glass and dashboard is often damaged upon windshield removal. This compressed foam can be used to replace the damaged strips helping the acoustics by reducing noise and creates a factory finish. When released, it expands during 24 hours to its maximum height. Each roll is 5' long (1.5 M).

Foam Installation Tape

OSA6492 • 1/8" x 3/16" x 18' • Box of 12 • \$50
OSA6493 • 3/16" x 3/16" x 18' • Box of 12 • \$56
OSA6494 • 1/4" x 1/4" x 18' • Box of 12 • \$73
OSA6495 • 5/16" x 1/4" x 18' • Box of 12 • \$79
OSA6496 • 3/8" x 1/4" x 18' • Box of 12 • \$89

Commonly called foam dams, they prevent urethane from squeezing into the vehicle, aid in placement of the glass so as not to over-deck, form an acoustic barrier, and they give a nice and smooth looking finish to the inside of a vehicle. Made of Neoprene with adhesive on one side.

Foam Core Butyl

NO1336 • 6 Pieces Per Box • 16' Long, 6x7 mm • \$50
NP1337 • 6 Pieces Per Box • 16' Long, 8x8 mm • \$61

Foam core butyl provides a unique, "memory foam" capability that butyl alone does not have and provides a leakproof seal every time. Perfect for custom windows in vans, sunroofs or any bolt-in or mechanically fastened type glass.

Before

After

CER1529

Ford Cowling End Replacement • Pkg of 2 • \$20

Replacement cowl ends (left and right-hand sides) for applications where U.V. degradation has occurred. For 2004-2008 F-150.

UCM1600

Universal Cowl Moulding \$73

Replacement to the original cowl moulding when it deteriorates, tears, or breaks. An excellent opportunity to upsell to your customer after a windshield replacement. 100 Ft. Roll.

Cowl Fasteners • Pkg of 25

-------	-----	---------------	---	---

AH1011

Z-Poxy™ • \$15

Specially formulated to bond plastic, metals, wood, fiberglass, etc. Produces a tough permanent bond in just 5 minutes. It is resistant to shock and solvents, is non-shrinking, and has excellent gap-filling characteristics. Contains 2 fl. oz. of hardener and 2 fl. oz. of resin. Made in the USA.

RF1700

RAPIDFIX® Dual Adhesive System • \$17

The RapidFix® combination of an instant adhesive plus a welding powder is an incredible tool that repairs almost anything. The adhesive is an advanced polymer that can quickly - sometimes instantly - bond most materials. The welding powder is a complementary formulation that enables even stronger bonds, and can repair holes, cracks, and gaps. RapidFix® dries clear and areas treated with RapidFix® can be filed, sanded, and painted almost immediately. Comes with one 25ml bottle of adhesive and one 25ml bottle of welding powder.

21426

Loctite® Fast-Cure Epoxy • \$112

10 self-contained mixer cups that hold the 2 parts of the epoxy solution separately until the seal is broken and the cup expanded to mix together. Five minute cure time.

75644

Sealstrip • 100' Roll • \$56

Sealstrip is used to attach a bottom channel to a glass or to form a bond between a metal frame and a glass. Made of an all-rubber compound with inherent adhesive qualities. Measures 1/32" Thick x 1-1/2" W.

WH745

Window Holders • Pkg of 2 • \$16

Hold up the door glass while you work on the channel or regulator. Loop the cable over the door frame and attach the suction cups to each side of the glass. Made in the USA.

MD1280

Universal Bottom Channel Attachments • Set of 2 • \$10

These attachments have a small nylon screw that will temporarily hold them in position while the adhesive cures and permanently attaches them to the glass. We suggest attaching them with a quick-setting urethane or epoxy such as our Part No. 21426.

RW1393

Window Things Pkg of 50 • \$28

Window Things fit most Ford, Chrysler and GM vehicles. Simply snap through holes in the glass, line up the channel and insert the screw. Made of nylon and tested in extreme heat and cold.

NMT448

Mechanical Pick-Up • \$16

Small plastic pieces and many of the metals used in vehicles today are non-ferrous, and a magnet does not attract them. Our Mechanical Pick-Up is designed with steel fingers that are spring-loaded and will grip an item up to 1" in diameter. The closed diameter of the "jaws" is less than 3/8". The Mechanical Pick-Up is 24" long, has a flexible shaft and will reach into the deepest recessed areas to retrieve an item. Also features an LED light that runs on 3-LR41 batteries (included).

MK201

Lock Out Kit • \$85

With this kit you can open most vehicles on the market. Kit contains: a slide lock button tool, dual release tool, narrow release bar, wide release bar, JapanEASY tool, Wonder Tool, knob grabber, gas cap key, nylon wedge, and an instruction manual. Made in the USA.

MT690

Telescopic Magnet • \$11

The Telescopic Magnet extends to 24" long and collapses to 4-3/4" for easy storage. This powerful magnet can lift up to 2 pounds. Made in the USA.

FL203

FlexLight • \$18

FlexLight has a 9" flexible shaft that stays bent in any direction, even around corners, so you can shine light directly where it is needed. It operates on two AA batteries (not included).

THH312

Telescoping Hood Holder • \$53

Designed to hold the hood, trunk or lift gate of the vehicle open. Collapses to 20" in length and will expand up to 47" long. Made in the USA.

PJ1257

Gas Lifter Locking Device • \$16

This small, easy-to-use device attaches to the metal rod on the gas cylinder under the hood or lift gate to hold it up. A bright fluorescent flag alerts you that it is still in place.

SL493

Wheelstep™ • \$94

Wheelstep™ hooks over the wheel of the vehicle to give you a 12" to 20" boost, depending on tire size. Rugged 1" tubular steel easily supports up to 200 pounds. The 22" wide non-slip, safety-surface gives positive traction. Folds flat for compact storage.

SRH707

Soft Rubber Hammer
\$50

Our hammer is made of Sorbothane®, which is a softer material less likely to damage a vehicle.

HP2331

Heavy-Duty 3-Drawer Toolbox • \$150

Features a large storage area on top and three steel drawers with full-extension slides that lock when the lid is closed. Measures 23" W x 13-1/2" D and 10-1/2" H. The external shell is made of high-impact polypropylene resin.

CH1064

Fractional Measuring Tape • \$13

This measuring tape has every 1/8" marked. It is 25' long with a 1" wide blade and has the locking hold function.

CO1396

Can Organizer • \$27

This can be mounted on the wall of your mobile vehicle and keeps cans neatly stored away. Has five slots and is made of heavy duty plastic.

SUPPLIES & ACCESSORIES

BVS925

1 x 1 Vacuum Cleaner • \$97
BFF928 • Replacement Filter
Pkg of 3 • \$12

A portable and compact 1 gallon wet/dry vacuum cleaner. Includes the following: wall mounting bracket, 4' flexible hose with a round nozzle, crevice tool, gulper nozzle, reusable foam sleeve, disposable filter bag, and a 6' power cord.

BES924

6-Gallon Vacuum/Blower • \$162
BCF929 • Replacement Filter • \$24

Our 6-Gallon Vacuum Cleaner is a large capacity unit with a powerful 3-horsepower, 8 amp (960 watts) motor. Can convert to a blower. Comes with an 8' x 1-1/4" hose, two extension wands, 10" squeegee, crevice tool and reusable filter. Made in the USA.

088020

Milwaukee 18-Volt Vacuum • \$215
49901900 • Replacement Filter • \$36

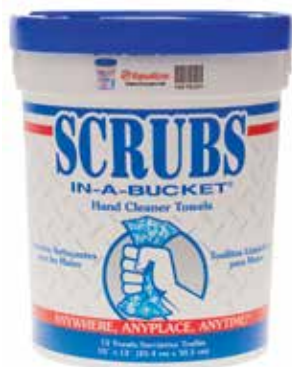

This 2-Gallon vacuum features a stackable toolbox design, a long continuous run time, high air power and powerful suction. Includes: reusable filter, hose, crevice tool, and a wide nozzle. Uses all Milwaukee 18-Volt slide-on batteries, LI-ION or NiCd.

DC515K

DeWalt® 18-Volt Vacuum • \$159

This vacuum has a 1/2-gallon capacity and includes a Gore™ HEPA wet/dry filter. Use the front utility nozzle or remove and use the 30" extendable hose, which is friction fitted into the utility nozzle. Comes with one 18-Volt battery and 1-One Hour Charger.

BR1046

Scrubs® In-A-Bucket • \$26

Pre-moistened, heavy-duty towels with pumice scrubbing power. Their powerful yet safe cleaning agents work together with an absorbent hand cleaning towel. Each bucket contains 72 towels that are 10-1/2" x 12-1/4".

PB1349

Tech-Wipes™ • \$16

Tech-Wipes™ are rugged, non-marring towels that contain aloe and have a mild citrus scent. Each flip-top container comes with 72 towels that are 10" x 12".

SU1423

ScrubRack • \$24

Wall mounting bracket for the Scrubs® In-A-Bucket.

SBS732

Spray Bottle • \$6

8 oz. spray bottles that can be adjusted to fine, medium or hard mist. The sprayer is made of polypropylene and the bottle is made of high-density polyethylene.

DL1093

Lint-Free Wipes Pkg of 50 • \$13

These wipes get rid of all the lint and give you a totally clean surface so your urethane will bond completely. Each wipe measures 13" x 13".
