

Dridu Formwork Spacers

Application Area

- Spacer for formwork in concrete constructions

Characteristics

- The formwork technology range offers problem solving in order to carry out the concrete work quickly, simply and precisely

Processing Information

- To close using the plug

Hints

- The colors of the plastic parts can vary

Title	Pipe Interior-Ø	External-Ø	For Wall Thickness	PU Piece	Article No.
Dridu Formwork Spacers	22 mm	26 mm	240 mm	50	115133

AGR: 14.800

Meterriß-Plakette

- The self-adhesive plaques are mounted onto the unplastered wall and are for all workman unmistakable documents
- In order to avoid deviating measurements, the plaques have a lug on which a rule pocket can be placed
- The elastic brushes enables the protection of the cutting and it can be found very easily after plastering
- After the completion of the whole work, the brush is pinched off, the rework is minimal, and the plaques remain for evidence under the plastering

Traffic Cone

- 2 reflective white stripes
- Stackable

Application Area

- For quick and short-term protection, also at night and at low visibility

Title	Height	Color	PU Piece	Article No.
Traffic Cone	500 mm	red / white	1	086545

AGR: 08.600

Warning Lamp Red/White

- Incl. dawn automatic
- Flashing and continuous light at red/white
- Flashing light at yellow/yellow
- Mounting eyelet for quick fixing
- Durable light diodes instead of light bulbs
- More than double operating period of the batteries

Application Area

- For the marking of construction sites or impediments at darkness and low visibility

Characteristics

- Source of light: LED

Hints

- Dry battery is not included

Scope Of Delivery

- Clamp mounting is included

Title	Width	Height	Color	PU Piece	Article No.
Warning Lamp	170 mm	350 mm	red / white	1	086547
Warning Lamp	170 mm	350 mm	yellow / yellow	1	086548

Alkaline block battery 4R25

21

- No mercury or cadmium
- Zinc carbon battery
- Long storage capacity when new
- High load capacity

Warning Lamp Key

- Cross slot Philips drive
- Interior hexagonal drive
- Needle for turning the construction site lamp on and off

Application Area

- For the opening, turning on and mounting of the construction site lamp

Title	PU Piece	Article No.
Warning Lamp Key AGR: 08.600	1	086554

Safety Plate

Application Area

- Obligatory at construction sites

Technical Data

Width x height 1000 x 660 mm

Submersible pump Unilift AP 35

- Vertical single-level wastewater pump, stainless steel model with vertical pressure joint and an integrated 3-phase engine, which is completely encapsulated and can be flooded, in accordance to isolation category F
- The pump is equipped with an inlet sieve
- The pump has a double shaft seal which consists of a mechanical seal and an oil barrier compartement, which his filled with a harmless and special oil
- The pump has a riser pipe, maintenance-free, permanent lubricated rolling bearings and a double mechanical seal and a cooling jacket for the continuous cooling of the engine by the pumping medium
- The pump can be fixed but also can be transported
- To avoid the intrusion of moisture into the stator winding, the included 10 m long power cable is equipped with grouted conductor contacts
- In intermittent duty, 20 switching cycles per hour are possible
- Net and float switch cable are pluggable. The casting compound made from glass in the plug socket avoids moisture from intruding into the motor winding

Application Area

- The pump has a non-clog impeller with a 35 mm free passage and is suitable for the transportation of surface, ground and rain water

Scope Of Delivery

- The pump is equipped with a 0.8 m power cable, a switching device with a power off and on switch, a float switch for automatic start and stop with a 10 m long floater cable

Title	PU Piece	Article No.
Submersible pump Unilift AP 35	1	243331*

Multibox CC7 - A1

- Everything in a compact box
- Basket with combined filter function (mesh size 10 mm)
- 15 m fire hose for the safe sewage transportation out of the house, also for large distances
- Bend protection for the hose is included
- Pump with low level suction below 3 mm for floors which can be wiped afterwards
- Triple graded hose adapter for various applications
- Secure pump operation because of dry run and engine protection as well as integrated float switch

Application Area

- The box contains the whole equipment for fast dewatering, including the powerful cellar dewatering pump Unilift CC7
- The robust Unilift pumps water below 3 mm. The remainder can be wiped

Scope Of Delivery

- Grundfos Unilift CC7 with 10 m cable and attached storz C coupling
- 15 m pressure hose including a stainless steel bend protection
- Triple graded pressure decrease for the simple connection of different hose diameters
- Integrated back pressure flap
- All that is contained in the universal filter and carrying box

Title	PU Piece	Article No.
MULTIBOX CC7 - A1	1	243328
AGR: 08.695		

Double Tank 3,5/1,5

- Two different liquids can be transported with this double tank, e.g. gasoline and oil for the work with a chainsaw
- With a stiff outlet pipe
- TÜV and GS approved and certified according to German regulations
- Suitable for liquid fuels
- Resistant and impervious against impact
- With EAN-code

Firehose Storz C

- Very abrasion resistant due to a newly developed fabric integration
- Flexible and durable and especially resistant against mechanical damages
- Certified in accordance to ÖNorm F2105, DIN 14.811 and further international standards
- Resistant against mould, cold and heat, above all very easy to maintain

Technical Data

Operating Pressure	16 bar
Burst Pressure	50 bar
Test Pressure, To	25 bar
Length	15 m
